Overview Summary

Aavara AC210 Free Style Display Stand Single Monitor Mount

The Aavara AC210 is a versatile desktop monitor mounting solution designed to improve workspace organization and viewing comfort. Its durable aluminium alloy and steel construction provides reliable support for compatible displays up to 24 inches while maintaining a clean and professional appearance.

With extensive adjustment capabilities including tilt, swivel, rotation, and height adjustment, the AC210 allows users to position their display for optimal ergonomics. The integrated ExperTorque technology helps maintain monitor stability, while the built-in cable management system reduces desk clutter and creates a more efficient workspace.

Performance tier: Professional Ergonomic Monitor Mount

Uses: Office workstations, home office setups, productivity environments, business desks, reception areas, education environments, workstation optimization

Overview

Aavara Free-style Single Monitor stand, featuring height adjustment for ergonomics. With the wide angle of -30degrees(down) ~ +65degrees(up) Arm Tilt, +/- 90degrees arm swivel and a 360degrees rotation, easily to tilt your best viewing angles for

screens without any efforts. It supports VESA 100x100/75x75mm display and ExperTorque(TM) technology enables adjustment of the screens hinged by its weight. Smart cable management system keeps messy cables in good order. Ergonomic pivot arms make the most efficiency at work.

Description

The Aavara AC210 Free Style Display Stand is engineered to provide flexible monitor positioning while maximizing valuable desk space. Designed for professional and home office environments, the stand securely mounts to a desk using a robust clamp base and supports a single display weighing up to 10kg.

The dual-arm design incorporates 3 adjustment joints that allow users to customize monitor placement according to their preferred viewing angle. The stand supports extensive tilt, swivel, and rotational movement, making it suitable for collaborative workspaces, productivity-focused setups, and environments where screen repositioning is frequently required.

ExperTorque technology helps maintain stable monitor positioning while enabling smooth adjustments when needed. Users can easily switch between landscape and portrait orientation using the 360 degree pivot function. Integrated smart cable management keeps cables organized and routed neatly along the arm structure, contributing to a cleaner and more professional workspace.

Constructed from high-quality aluminium alloy and steel, the AC210 combines durability with a modern appearance. Its compatibility with standard VESA mounting patterns ensures support for a wide range of monitors used in business, educational, and home office applications.

FAQ

What monitors are compatible with the Aavara AC210?

The Aavara AC210 supports monitors with VESA 75x75mm or 100x100mm mounting patterns.

It is designed for a single display up to 24 inches and a maximum weight of 10kg.

Can the monitor be rotated into portrait mode?

Yes, the stand features a 360 degree rotation pivot.

This allows users to switch between landscape and portrait orientations as needed.

Does the stand support height adjustment?

Yes, the AC210 includes height adjustment functionality.

This helps users create a more ergonomic viewing position and improve workstation comfort.

What is ExperTorque technology?

ExperTorque technology assists with maintaining monitor stability during positioning.

It helps provide controlled and reliable monitor adjustment for everyday use.

Is cable management included?

Yes, the stand incorporates smart cable management features.

This helps route display cables neatly and reduces desktop clutter.

What type of desk installation does the AC210 use?

The AC210 uses a clamp base mounting system.

This provides secure attachment to compatible desks while preserving workspace area.
