Specifications

About this product

The Aavara AE222 ultra slim dual arm wall mount is a heavy duty aluminium alloy mounting solution designed for LCD and plasma screens up to 45 inches and 25Kg. Featuring dual 3-joint arms with smooth articulation, tilt and swivel adjustability, and ExperTorque technology, it delivers stable, flexible, and secure screen positioning. Buy now for a clean, space saving TV setup with professional grade support and smart cable management.

Overview Summary

The Aavara AE222 Wall Mount Arm is a premium ultra slim mounting system designed for LCD and plasma displays. Built with durable aluminium alloy construction, it provides strong support while maintaining a sleek low profile design.

This dual arm bracket features 3 joint articulation, allowing flexible positioning with +/-15 degree tilt and +/-90 degree swivel. The automatic safety lock system enhances installation security, while ExperTorque technology ensures smooth and stable movement even with heavier screens.

Ideal for home entertainment setups, offices, meeting rooms, and retail displays, the AE222 offers smart cable management to keep installations neat and organized.

Performance tier: Mid to high range

Uses: Home TV mounting, office displays, conference rooms, digital signage, retail screen installations

Overview

Aavara AE222 is a full motion Ultra Slim LED/LCD wall mount, featuring easy adjustment of Tilt and Swivel for ergonomics. With the Arm Tilt angle of 0degrees~ -12degrees and swivel +/- 90degrees, it gives you the best viewing angles for screens. It supports max. mounting 200x200mm display and ExperTorque(TM) technology enables adjustment of the screens hinged by its weight. Smart cable management system keeps messy cables in good order. Ultra Slim profile with Min. distance to Wall

35mm /1.38" giving you a deco. look without compromising on design.

Description

The Aavara AE222 is engineered for strength, flexibility, and modern aesthetics. Its ultra slim profile sits just 35mm from the wall when fully retracted, making it ideal for compact spaces where clean design is essential. The dual arm structure allows extended reach from 35mm up to 370mm, providing excellent viewing angle control.

Constructed from high quality aluminium alloy, this mount is built to support screens up to 25Kg with stability and confidence. The integrated cable management system helps route cables neatly along the arms, reducing clutter and improving overall installation appearance.
