About this product

The Aavara EF440 VESA Wall Mount Kit is an ultra slim steel TV wall bracket designed for flat panel displays from 26 inch to 52 inch. Featuring support for VESA mounting patterns up to 400 x 400mm, a safety lock mechanism, and a low profile 20mm wall clearance, it provides a secure and space-saving mounting solution for home or business installations. Buy now from our website for a reliable and professional TV mounting solution.

Overview Summary

Aavara EF440 Ultra Slim TV Wall Mount Kit

The Aavara EF440 is a fixed wall mounting bracket designed for LCD, LED, and flat panel televisions between 26 inch and 52 inch. Its ultra slim 20mm profile keeps the display close to the wall, creating a clean and modern installation while helping save valuable space.

Built from durable steel, the EF440 supports displays with VESA mounting patterns up to 400 x 400mm and offers a load capacity of up to 35kg. The integrated safety lock helps secure the display in position, while the tilt adjustment of up to 15 degrees allows for improved viewing comfort and reduced screen glare.

Performance tier: Mid-range TV wall mount

Uses: Home entertainment, office displays, boardrooms, retail screens, hospitality installations, digital signage

Overview

It supports 26~52 inch displays with VESA mounting pattern 400x400mm. Tilt 0degrees~15degrees angle and comes with safety Lock to secure displays in place at home or outdoors. Distance to wall only 0.78 inch to fit the stylish home decor.

Description

The Aavara EF440 VESA Wall Mount Kit is designed for users who want a clean and professional television installation. Its ultra slim profile positions the display only 20mm from the wall, helping create a modern appearance while maximizing available room space.

Constructed from durable steel, the bracket is engineered to support flat panel displays ranging from 26 inch to 52 inch. Compatibility with VESA mounting standards up to 400 x 400mm makes it suitable for a wide range of televisions and commercial displays.

The integrated safety lock helps prevent accidental movement after installation, providing additional security for residential and commercial environments. A built-in tilt adjustment of up to 15 degrees allows users to improve viewing angles and reduce reflections from ambient lighting.

Whether used in living rooms, offices, meeting rooms, retail environments, or hospitality applications, the EF440 delivers a reliable and space-efficient mounting solution for medium-sized displays.
