Specifications

About this product

The Aavara HS740 is a professional height-adjustable workstation stand designed to support 1 x LCD monitor, a keyboard holder, and a slim PC. Featuring 130mm height adjustment, 180 degree swivel capability, 30 degree tilt adjustment, and 90 degree screen rotation for landscape or portrait viewing, it provides a flexible and ergonomic workspace solution. Built from durable aluminium alloy and steel with integrated cable management and ExperTorque technology, this stand supports monitors up to 24 inches and 10kg. Buy now for quick delivery in South Africa.

Overview Summary

Aavara HS740 Height Adjustable Monitor Workstation Stand

The Aavara HS740 is a versatile workstation mounting solution that combines monitor support, keyboard placement, and slim PC mounting into a single compact design. It is ideal for offices, reception areas, retail environments, healthcare workstations, and industrial applications where efficient use of desk space and ergonomic comfort are important.

Designed with user flexibility in mind, the stand allows 130mm height adjustment, 180 degree swivel movement, 30 degree tilt adjustment, and 90 degree screen rotation. This enables users to position the display for comfortable viewing while supporting both landscape and portrait orientations. The included slim PC holder accommodates systems measuring between 175-340mm wide and 60-100mm thick.

Constructed from aluminium alloy and steel, the HS740 delivers durability and stability for daily professional use. Smart cable management helps maintain a clean workspace while ExperTorque technology assists with smooth monitor positioning and adjustment.

Performance tier: Professional Ergonomic Workstation

Uses: Office workstations, retail POS systems, reception desks, healthcare environments, industrial terminals, space-saving

desktop setups

It supports up to 24 inch, Easy 130mm Height Adjustment, Cable Hidden Management, Rotate 90degrees, and Tilt 25degrees (up) ~ -5degrees (down) load capacity can be 10Kg, fit most of LCD/LED Monitor available on the market. Max. mounting 100X100mm.

Description

The Aavara HS740 is designed to create an efficient and ergonomic workstation by combining monitor mounting, keyboard support, and slim PC storage into a single integrated solution. Its compact design helps maximise available workspace while improving comfort and productivity throughout the working day.

With support for a single monitor up to 24 inches and 10kg, the HS740 provides flexible positioning options for professional users. The stand supports 180 degree swivel movement, 30 degree tilt adjustment, and 90 degree pivot rotation, allowing users to easily switch between landscape and portrait display modes. This flexibility is particularly useful for data entry, content review, document management, and specialised workstation applications.

The integrated keyboard holder creates a complete workstation setup while the slim PC holder securely accommodates compatible small form factor computers. Smart cable management helps reduce clutter by routing cables neatly through the stand structure.

Manufactured from aluminium alloy and steel, the HS740 combines durability with a professional appearance suitable for modern workplaces. ExperTorque technology assists with smooth monitor positioning and adjustment, helping users achieve an optimal viewing angle with minimal effort.
