Shop now for a reliable and space saving LCD mounting solution built for long term performance.

Overview Summary

Aavara Ti110 Flip Mount for 1x LCD

The Aavara Ti110 Flip Mount is a professional grade single LCD mounting solution designed for Point of Sale systems, office desks, and commercial display environments. It offers strong mechanical stability with aluminium alloy and steel construction, ensuring long term durability and reliable screen support up to 12Kg.

This monitor arm features a flexible single arm design with 2 joints, allowing smooth height adjustment, 20 degree tilt and swivel control, and a full 90 degree rotation for easy switching between landscape and portrait modes. The integrated ExperTorque system helps maintain smooth and stable movement while holding position securely.

With VESA compatibility for 75x75mm and 100x100mm mounting patterns, plus built in smart cable management, this mount keeps your workspace clean and organised while improving ergonomic viewing comfort.

Performance tier: Professional / Commercial

Uses: Point of sale systems, office monitors, retail counters, workstation setups, kiosk displays

Overview

Aavara Ti110 is a Single LED/LCD Monitor grommet base stand, featuring a wide angle of +/- 20 degree Tilt, +/- 90 degree

swivel and a 360 degree rotation. It supports VESA 100x100/75x75mm display and ExperTorque(TM) technology enables adjustment of the screens hinged by its weight. Pole Height adjustment up to 355 mm /13.19"

Description

The Aavara Ti110 Flip Mount is engineered for professional display mounting where stability, flexibility and workspace efficiency are essential. Built with a strong aluminium alloy and steel structure, it provides reliable support for LCD screens up to 24 inches and 12Kg, making it suitable for commercial environments such as retail counters and office workstations.

The mount features a single arm with two articulated joints that allow smooth positioning and adjustment. Users can tilt and swivel the screen up to 20 degrees for optimal viewing angles, while the 90 degree pivot enables quick switching between landscape and portrait orientations. This flexibility improves productivity and enhances usability in fast paced work environments.

Designed with smart cable management and ExperTorque technology, the Ti110 ensures clean installation and controlled movement, reducing clutter and improving overall workspace ergonomics.
