Specifications

About this product

The Aavara WS210 WorkStation Freestyle is a clamp-mounted sit-stand workstation for a single 15-24 inch LCD display plus a keyboard and mouse tray. It provides flexible display positioning with -5 to +35 degree tilt, +/-90 degree swivel, 360 degree rotation, 124mm display height adjustment and 436mm arm and keyboard tray height adjustment. The 2 arm and 3 joint design, ExperTorque technology and smart cable management make it a practical ergonomic workstation solution for offices, clinics, warehouses, service counters and other professional environments. Buy now from our website for a flexible workstation mounting solution.

Overview Summary

Aavara WS210 WorkStation Freestyle is a clamp-base workstation system designed to support one LCD display together with a keyboard and mouse tray. Its flexible arm configuration allows the display and keyboard position to be adjusted to suit different working positions, helping create a more adaptable sit-stand workspace.

The display supports -5 to +35 degree tilt adjustment, +/-90 degree swivel adjustment and 360 degree rotation for landscape or portrait orientation. The display has 124mm height adjustment, while the keyboard tray supports 0 to 90 degree tilt adjustment and up to 436mm arm and keyboard tray height adjustment. The display supports up to 8kg and the keyboard tray supports up to 2.5kg.

Performance tier: Professional ergonomic workstation mount

Uses: Office workstations, clinics, hospitals, warehouses, customs counters, airport workstations, self-service stations, retail counters, SOHO workspaces

Overview

Aavara is proud to present the new release Workstation series. WS210 is a Sit-Stand Workstation Combo Clamped System with 3 Pivots featuring free style height adjustment for Ergonomics. Larger angle of height adjustment makes your working space more flexible and agile. WS210 empowers productive and ergonomic working environment at comfortable position even without desk.

Features tilt -5degrees ~ +35degrees, swivel +/- 90degrees, rotation 360degrees of the display and height adjustment range up to 436mm/ 17.27", It suits any stand-alone working requirements lack of typical desk environment, giving the optimal solution for reforming your working scenario. Widely deploy in Warehouse, Hospital, Clinic, Customs, Airport, Self-Service Stand, Lottery Shops, Theater and SOHO(Small Office Home Office)...etc.

Description

The Aavara WS210 WorkStation Freestyle is a compact workstation mounting system designed to combine a single LCD display with a dedicated keyboard and mouse tray. The clamp base allows the workstation system to be mounted to a suitable desk or work surface while the articulated 2 arm and 3 joint configuration provides flexible positioning of the display and keyboard.

The display arm supports a tilt range of -5 to +35 degrees, allowing the viewing angle to be adjusted for different working positions. The display also supports +/-90 degree swivel adjustment and 360 degree rotation, making it possible to use the screen in either landscape or portrait orientation. Display height can be adjusted through a 124mm range.

The keyboard and mouse tray is designed for flexible positioning and supports 0 to 90 degree tilt adjustment. Its arm and tray height can be adjusted through 436mm, providing a broad range of positioning options for seated or standing work. The tray supports up to 2.5kg.

The WS210 supports LCD displays from 15 to 24 inches with a maximum display loading capacity of 8kg. VESA mounting compatibility includes 75x75mm and 100x100mm patterns. ExperTorque technology is designed to assist with display adjustment based on display weight, while the smart cable management system helps keep connected cables organised.

The Aavara WS210 is suited to professional environments where flexible workstation positioning is important, including offices, clinics, hospitals, warehouses, customs facilities, airports, self-service stations, lottery shops, theatres and small office home office environments.

Features

The Aavara WS210 combines flexible LCD positioning with an adjustable keyboard and mouse tray in a single clamp-mounted workstation system.

- Single display workstation: Supports 1 x LCD display together with 1 x keyboard and mouse tray.
