

LS030UN

LifeSmart Bluetooth Light Bulb E27

Product Overview

LifeSmart LS030UN Bluetooth Light Bulb E27, 16 Million Color, Sheduling On/Off, Music Mode with Music, Fun Mode with Shake, Light Group Control

Specifications

Overview:

The LifeSmart Bluetooth Light Bulbs work independently, and provide a creative light environment, which replace traditional light bulbs. Via a mobile device through bluetooth, illumination, color selection, dynamic lighting effects and smart interactions with other devices can be set and changed in real time to create the perfect atmosphere at home. It also provides different modes: "music mode", allowing the colors to respond dynamically to the music being played, "shake & play mode", causing shaking of your phone to interact with the bulb's behavior, "good-night mode", helping you to fall asleep with relaxing colors.

- 16 Million Color
- Sheduling On/Off
- Music Mode with Music
- Fun Mode with Shake
- Light Group Control

Features:

The LifeSmart LS0030UN Light Bulb allows you to remotely adjust the brightness and color temperature according to your preference through a downloadable app control. Once you have connected the LifeSmart LS0030UN to the WiFi, you are able to start controlling your light at anywhere and anytime.

E27 Type Holder

Can support for most interfaces in current family standard.

16 Million Colors in One Bulb

Equipped with high performance LED, the Bulb is able to produce a colorful lighting experience.

Bluetooth 4.0 Technology

Just plug a bulb and download the LifeSmart APP then you can get started.

Scene Lighting System in Your Fingers

Set up cozy and supportive lighting modes as you want.

Precise Timer

Set up your bulb to switch on / off at specific times. Let the light turn on / off gradually to wake you up. It's much better than noisy alarm clock.

Multiple Platform

It is not only compatible with iOS and Android system, but Apple Watch as well.
