LUXA2 Candy iPad Silicon Cover, White

Product Overview

LUXA2 Candy iPad Silicon Cover, White, Pre-cut holes for access to iPad ports, slide-proof function, sturdy protection yet Lightweight.

Specifications

Overview:

Provide extra protection for your Apple iPad 2 with our stunning Candy Cases. The rubber shell is made of silicone. It fits snugly and is super lightweight. LUXA2's iPad 2 Candy Case has anti-slide characteristic so it makes it much nicer to hold in hands.

Features:

Material: Silicone
The silicone is resilient. It provides strong protection for the iPad 2. The texture of the case is soft and suitable for long time holding. Pre-cut holes for access to iPad ports. without removing the skin

Slide-Proof Design
The silicone material of Candy Case not only gives you sturdy protection to iPad but also provide slide-proof function, which is extremely important especially when you hold your iPad on the go.

Sturdy Yet Lightweight
Candy Case is made from soft silicone material. It is practical and protective even after long wear. This case also absorbs minor impact from everyday usages.

Reduced packaging
LUXA2 packaging is designed smaller to reach the goal of "Going Green". We use less material to package, which means more products be loaded, and also reduces CO2 emissions and positive protect our planet.

Green Material (RoHS)
LUXA2 product designers are advised to reduce or substitute the use of hazardous substances. We maintain strict control over the chemical substances used, and take steps whenever possible to avoid the use of hazardous substances. Currently all LUXA2 products are made from green materials and all RoHS compliant.

Comfort Quiet
LUXA2 product designers are focusing to reduce the noise generated by our products. Researches have shown that noise can be annoying and even harmful to human health. To protect human health, PSUs in enclosure come with the patented QFan technology which minimizes the noise to the lowest level.

Recyclable (WEEE)
LUXA2 product designers are advised to incorporate recyclable materials into all the new products whenever possible. All LUXA2 products comply with WEEE which requires recycling of electronic and electrical products and, especially, most of the metal materials used in LUXA2 enclosure are recyclable.
