Specifications

Overview:

With one-click HD uploads to Facebook and a versatile, fold-and-go design, you'll enjoy HD 720p video calling and Full HD 1080p video sharing-however, whatever, wherever you like.

Features:

Full HD 1080p recording

You can record in breathtaking widescreen Full HD 1080p.

HD 720p video calls

You'll get 720p video calling on most major instant messaging services and Logitech Vid HD.

Premium autofocus

Your images stay razor sharp, even in close-ups (up to 10 cm from the camera lens) with built-in autofocus.

One click to Facebook

You can easily capture HD video (in Full HD 1080p) and upload it to Facebook, Twitter or YouTube with just one click.

Versatile, portable design

The fold-and-go design and short USB cable make it easy to take your webcam with you, while a USB cable extender gives you plenty of slack when you need it.

Swiveling, tripod-ready design

You can attach a tripod for more placement options. Plus, the 360-degree swivel makes calling and recording easier at any angle.

Includes Logitech Vid HD

Now HD video calling is free, fast and easy. It's built into your webcam setup. And you can even leave video messages when your loved ones can't take a call.

Logitech More HD

Thanks to More HD this webcam doesn't compress video during a call, so your image stays HD-clear and your computer runs more efficiently-even if it's a little old.

Logitech Video Effects

Your video calls get an extra dose of fun with Video Effects. It's easy to spice things up with neon splashes, fish-eye distortions-even make your own mask with mask maker.

Free video-editing software

Logitech has teamed up with MAGIX to offer MAGIX Photo Manager 9 and MAGIX Video Easy with your new Logitech webcam. And they're free.

Face-recognition login

Log in to your computer and your favorite sites with the included face-recognition software. It'll save you time and impress your friends.
