Performance tier:High-performance

Uses:Gaming, typing, streaming, content creation, competitive play

Overview:

Logitech G515 TKL Wireless Gaming Keyboard - High-Performance Tenkeyless Design

Experience next-level gaming with the Logitech G515 LIGHTSPEED TKL wireless keyboard. Designed for serious gamers, this sleek, tenkeyless keyboard combines fast response times, customizable features, and a low-profile design built to withstand intense gameplay sessions.

Key Features of the Logitech G515 LIGHTSPEED TKL:

- Low-Profile Mechanical Switches for Speed and PrecisionThe keyboard is equipped with Logitech's GL mechanical switches featuring a 1.3 mm actuation point and 43 g actuation force. Choose between tactile or linear switch types for faster reaction times and a smooth, precise keystroke experience.
- LIGHTSPEED Wireless with Tri-Mode ConnectivitySeamlessly switch between wireless LIGHTSPEED, Bluetooth, or wired connections. The tri-mode setup ensures you stay connected without interruption, and you can pair compatible Logitech mice on a single USB receiver using 2:1 pairing.
- Compact Tenkeyless Form FactorAt just 22 mm in height, the tenkeyless design removes the numeric keypad to save desk space and enhance ergonomic comfort without sacrificing performance. This slim profile supports longer gaming and typing sessions with ease.
- Durable and Comfortable KeycapsThe double-shot PBT keycaps are factory-lubed for a quieter, smoother typing experience. Combined with sound dampening layers, this keyboard offers durability and comfort even during extended use.
- Customizable Lighting with LIGHTSYNC RGBAccess approximately 16.8 million colors to personalize your keyboard's lighting. Sync your setup with other Logitech gear via G HUB software, and create dynamic lighting effects tailored to your gaming style.
- Programmable Keys for Personalized ControlThrough Logitech's G HUB software, program up to 15 functions per key. Customize macros and remap keys to optimize your gameplay and workflow.

Features:
