Logitech K270

Logitech K270 2.4GHZ Wireless Keyboard

Product Overview

Logitech Wireless Keyboard K270 - N/A - US INT'L - 2.4GHZ - N/A - NSEA

Specifications

Features:

FULL-SIZED, WIRELESS ESSENTIAL
Fully wireless, and ready to connect with your setup, K270 is a plug-and-play keyboard that makes work simple and easy. Equipped with a number pad and all the hotkeys you need to get the job done, it's a reliable and durable partner for your desk -at home, or at work.

COMFORTABLE AND EFFICIENT
The full-sized keyboard includes a number pad and eight convenient shortcuts, making data entry and navigation a breeze - with easy access to the internet, e-mails, music and more. The sturdy tilt legs let you adjust the keyboard height to your liking.

BUILT TO LAST
Keyboard K270 is built with the same high quality and reliability standards that have made Logitech the #1 global leader for mice and keyboards. Up to 24 months of battery life eliminates the hassle of frequent battery changes, with a handy on/off switch and power-saving technology to preserve battery life.

TYPING FEEL YOU LOVE
This stable keyboard delivers a familiar typing feel, with deep-profile keys, and a springy, responsive bounce-back.

SIMPLY WIRELESS
Easy to connect, easy to use. Forget about drop-outs and delays thanks to a strong, reliable wireless connection with up to 10 m range. The K270 comes with a Logitech Unifying USB receiver that lets you pair up to six compatible Logitech tools, so you can add your Logitech mouse to that same receiver. Fewer cords, less hassle, and one easy workflow.
