Specifications

Features:

PRO TOOLS FOR PRO WORK
The MX Keys Mini Combo for Business offers precision, performance, style and upgraded security for people who need compact, quality tools.

THE MASTER SERIES EXPERIENCE
MX Keys Mini Combo for Business is built on decades of scientific expertise in human interaction. From our focus on ergonomics to MagSpeed scrolling to Perfect Stroke keys, this combo enhances comfort and performance.

BUILT FOR FUTURE BUILDERS
The MX Series is designed for highly specialized workflows. MX Keys Mini Combo for Business can zip through 1,000 lines of code in a second or scroll with line-by-line precision. The keyboard is crafted for stability, with every keystroke fluid and accurate.

COMPACT, STORABLE, VERSATILE
MX Keys Mini Combo for Business is designed to free up more space for working on any desk or table. Its keyboard is easily stowable in shared workspace situations and the mouse tucks into a pocket to move where you move.

GREATER PRODUCTIVITY WITH LOGI OPTIONS+
Do more with Logitech mice and keyboards. Logi Options+ allows users to effortlessly take control of their workflow, designed to transform how they work. With Options+ users can work across devices and operating systems using Flow, set tracking speed, customize individual buttons, and use predefined app-specific customizations and Smart Actions to optimize nearly every aspect of their workflow.

MINIMAL DESIGN - OPENS SPACE TO CREATE
The MX Keys Mini Combo for Business means business, with a minimal, compact design that opens up more space to create and build. Versatile, sleek and stylish, the design and profile of this combo make it an easy fit on any desktop.

PERFORMANCE MEETS PRECISION - FEATURES THAT PRODUCE
Team up a keyboard featuring responsive Perfect Touch keys and adaptive backlighting, with a wireless mouse that boosts productivity 50% over a laptop trackpad, and youve given everyone an edge on whatever the workday holds.

ENTERPRISE-GRADE SECURITY - RELIABLE, SECURE CONNECTIONS
The MX Keys Mini Combo for Business includes Logi Bolt wireless technology, engineered to conquer IT challenges in the office and when working remotely. Delivering cross-platform compatibility and robust, secure connections- even in congested wireless environments. Fully encrypted and FIPS compliant when paired with the Logi Bolt USB receiver.

HELP DESK FRIENDLY - EASY DEPLOYMENT AND MANAGEMENT
Easy to deploy. Easy to manage. And compatible with every major platform. The MX Keys Mini Combo for Business significantly reduces Help Desk headaches, providing ITDMs greater peace of mind.

- Compact design
- Precision and performance
- Logi Bolt Wireless Technology
- Ease of Management

FEATURES THAT DELIVER - MINI COMBO, MAX PERFORMANCE
This combo offers compact portability with a performance punch. Perfect Stroke keys with Dictation designed for fingertips. Darkfield sensors that track even on glass. 4 mm minimum glass thickness.

TWO WAYS TO CONNECT
BluetoothLow Energy or Logi Bolt, engineered for high-performance, secure connections even in congested wireless environments. It's compatible with all major OS's, making it an easy standard to deploy.

ENVIRONMENTAL CARE
The MX Keys Mini Combo for Business uses FSC certified paper and is also certified CarbonNeutral . Beyond sustainable design, we offset our residual impact by supporting forestry, renewables, and climate-impacted communities that reduce carbon.

APPLICATION SHORTCUTS
Logi Options+ Available on Windows and macOS at logitech.com/optionsplus, is the next-generation customization app for increased efficiency, creating shortcuts and customized management of supported mice and keyboards. Predefined settings are optimized for Google Chrome, Edge, Safari, Zoom, Word, PowerPoint, Excel, Photoshop, Premiere Pro, Final Cut Pro and Microsoft Teams.

REMOTE MANAGEMENT
IT administrators can remotely deploy and manage device firmware updates (DFU) and Logitechs customization app Logi Options+ Available on Windows and macOS at logitech.com/optionsplus . Easily push to Windows and macOS systems using popular deployment tools.
