Specifications

Overview:

Ergo Series - WAVE KEYS

A wireless ergonomic keyboard with a cushioned palm rest, for natural, feel-good typing throughout the day.

Features:

Familiar typing.

Experience the delights of a wave-shaped keyboard with a cushioned palm rest. Enjoy more wrist support, less pressure, and a natural typing posture throughout the day.

Comfy typing, all day long.

This compact keyboard's wavy design places your hands, wrists and forearms in a natural typing position for daylong feel-good.

More palm support, less pressure. Compared to a traditional Logitech keyboard without palm rest

With a cushioned palm rest with 3 layers of memory foam, Wave Keys gives your wrists the support they need to keep typing in comfort.

Approved by ergonomists

Wave Keys has been developed and tested with The Logi Ergo Lab, and certified ergonomic with the stamp of approval from United States Ergonomics.

Smoother days, your way with Logi Options+ App

Stay relaxed with fluid, natural typing, and customizable keys using Logi Options+ App. You can even customize your shortcuts for specific apps. Requires Logi Options+ app, available for Windows and macOS at logi.com/optionsplus

Peaceful connectivity

Connect Wave Keys wireless ergonomic keyboard usingBluetooth or the included Logi Bolt receiver, and switch between your laptop, tablet or phone in a tap using the Easy-Switch keys.

Wave Keys works with your favorite devices (Windows, macOS, ChromeOS, iPadOS, iOS, Android) The device's basic functions will be supported without additional drivers for operating systems other than Windows and macOS . Enjoy up to 3 years' battery life with the included batteries (2x AAA) Battery life may vary based on user and computing conditions..
