OKI C801N Colour laser Printer

Product Overview

OKI C801N Colour laser Printer 22/32ppm, 128MB, ProQ2400, 400 sheets, 75k duty, GDI, USB/Network

Specifications

Overview:

The C801 delivers high quality colour and black & white documents, at speeds fast enough to satisfy small to medium-sized teams, at a highly affordable price. What's more, unlike most A3-capable printers, it takes up surprisingly little office space - significantly less than any comparable A3 printer.

Features:

One printer does it all
The fact is that most people print in A4 most of the time. But some documents, such as posters and large charts, diagrams and spreadsheets, are much easier to understand if they're printed twice that size. With the C801 there's no need to buy a dedicated, bulky A3 printer and no need to pay for the services of a high street print shop. One printer does it all.

Printing with style
Whatever you're printing, colour or black & white, A4, A3 or some other size, single or double-sided, you can depend on OKI's specially developed High Definition toner and image drum to deliver fine detail and vibrant colour and a stylish glossy finish.

Specifications:

- 22ppm colour; 32ppm mono
- 12ppm colour; 17ppm mono
- 11.5 seconds colour; 9.5 seconds mono
- Up to 90 seconds from power on and up to 75 seconds from power save
