Specifications

About this product

The ARNTI M1 Indoor 1080p Wifi Mini Camera is a compact and versatile security solution for homes. Delivering 1080p Full HD clarity and enhanced night vision up to 10 meters, it ensures reliable monitoring of babies, pets, elderly individuals, or home spaces. With built-in motion and sound detection, it sends instant alerts for any unusual activity, keeping your home secure and giving you peace of mind.

Overview Summary

Product:ARNTI M1 Indoor 1080p Wifi Mini Camera

The ARNTI M1 Mini Camera offers high-definition surveillance in a compact design, making it ideal for indoor monitoring. Equipped with 1080p Full HD video, it provides sharp, detailed images of your home environment. Night vision up to 10 meters ensures visibility even in complete darkness, while motion and sound detection alert you immediately of any unusual activity.

Its WiFi connectivity allows remote access from smartphones or tablets, enabling real-time monitoring from anywhere. Easy to install and operate, the ARNTI M1 is perfect for keeping an eye on babies, pets, elderly family members, or general home security.

Performance tier:Premium

Uses:Baby monitoring, pet monitoring, elderly care, home security, indoor surveillance

Overview

The Arenti M1 Indoor 1080p Wi-Fi Mini Camera Baby Monitor is a compact and reliable indoor security camera designed for monitoring babies, pets, elderly individuals, or home spaces. It features 1080p Full HD resolution and enhanced night vision up to 10 meters, ensuring clear footage day or night. Equipped with motion and sound detection, it sends instant alerts for abnormal activities. The camera supports two-way audio, allowing seamless communication, and integrates with Amazon

Alexa and Google Assistant for voice control.

Description

The ARNTI M1 Indoor 1080p Wifi Mini Camera combines compact design with advanced security features. Its 1080p Full HD resolution delivers clear, detailed video, while infrared night vision provides reliable monitoring up to 10 meters in darkness. Motion and sound detection trigger instant alerts, ensuring that any abnormal activity is quickly noticed. This mini camera integrates seamlessly with WiFi networks, enabling remote monitoring via smartphone or tablet. It is ideal for keeping babies, pets, or elderly family members safe while providing an extra layer of home security.

Features

Key features of the ARNTI M1 Mini Camera enhance security and convenience:

- 1080p Full HD video for sharp and detailed footage.
- Enhanced night vision up to 10 meters for clear low-light monitoring.
- Motion and sound detection with instant alerts for abnormal activity.
- Compact, discreet design for easy indoor placement.
- WiFi connectivity for remote monitoring via smartphone or tablet.
- Versatile use for baby monitoring, pet care, elderly supervision, or general home security.
