Eaton Tripp Lite series Safe-IT USB-C to Lightning Sync/Charge Antibacterial Cable (M/M)

Product Overview

Eaton Tripp Lite series Safe-IT USB-C to Lightning Sync/Charge Antibacterial Cable (M/M), MFi Certified, White, 2 m (6.6 ft.), Order on Request

Specifications

Overview:

USB/Lightning cable with antibacterial properties connects your Apple iPhone, iPad or iPod to the USB-C port on your MacBook, Windows laptop or wall/car charger.

- MFi-certified for broad compatibility with your Apple iPhone, iPad or iPod
- Made with antibacterial material proven effective in inhibiting the growth of E. coli and staph
- Supports USB 2.0 speeds up to 480 Mbps to ensure reliable data transfers
- C94 Lightning connector compatible with Apple 18W USB-C power adapter
- Reversible plugs connect in either direction for immediate no-fuss use

Features:

USB-C Cable Charges and Syncs Your Latest-Generation iPhone, iPad and iPod

This Safe-IT sync/charge cable (M/M) connects your iPhone, iPad or iPod to the USB-C port on a computer, MacBook, Chromebook, Windows laptop, car charger or wall charger. It allows you to charge and power your Apple device, while simultaneously syncing and transferring photos, MP3s and other important files at USB 2.0 data transfer speeds up to 480 Mbps. The cable is backward compatible with previous USB generations, allowing you to use it with older equipment.

Antibacterial Properties Provide Extra Protection

The molded connectors and PVC jacket are constructed using an antibacterial material that is effective in inhibiting the growth of Escherichia coli (E. coli) and Staphylococcus aureus (staph). This added protection makes this cable an ideal solution for medical facilities, schools, businesses, restaurants/kitchens and anywhere else that needs extra protection against bacteria.

MFi-Certified for Broad Device Compatibility

The 20V 3A (60W) Lightning cable is MFi-certified for use with the latest generation of iPhone, iPad and iPod devices. Integral strain relief gives the cable extra flexibility, reduces stress and helps the cable move freely without cracking or breaking loose from the connector.

Reversible C94 Lightning and USB Type-C Plugs Connect in Either Direction

Connect the C94 Lightning plug to your Apple device for charging and synchronizing, and connect the USB-C plug to a USB-C port on a computer or charger. The reversible plugs connect in either direction to ensure you get it on the first try. While the cable is compatible with all USB-C ports, the C94 Lightning connector is designed for optimal charging performance with Apple's 18W USB-C power adapter.

- Computer, laptop or charger with USB-C port
- Most current iPhone, iPad and iPod devices

Package Includes

M102AB-02M-WH USB-C to Lightning Sync/Charge Antibacterial Cable (M/M), White, 2 m (6.6 ft.)

Specifications	
Product Code	M102AB-02M-WH
OVERVIEW	
UPC Code	37332261083
Technology	Lightning , USB 2.0 (High Speed)
Cable Type	Passive

ComX Computers

Product Specification Sheet

CONNECTIONS	
Side A - Connector 1	USB C (MALE)
Side B - Connector 1	LIGHTNING (MALE)
Connector Plating	Nickel
Contact Plating	Gold
Connector Style	Straight
PHYSICAL	
Material of Construction	PVC
Cable Jacket Color	White
Cable Jacket Material	PVC
Cable Jacket Rating	VW-1
Cable Outer Diameter (OD)	4.0mm
Cable Length (m)	2.01
Shipping Weight (kg)	0.07
ENVIRONMENTAL	
Operating Temperature Range	32 degrees to 113 degreesF (0 degrees to 45 degreesC)
Storage Temperature Range	-40 degrees to 158 degreesF (-40 degrees to 70 degreesC)
Operating Humidity Range	10% to 85% RH, Non-Condensing
Storage Humidity Range	5% to 90% RH, Non-Condensing
Power Provided to Connected Device(s)	60W (20V/3A)
FEATURES & SPECIFICATIONS	
USB Specification	USB 2.0 (up to 480 Mbps)
Antibacterial	Yes
STANDARDS & COMPLIANCE	
Product Certifications	MFi
Product Compliance	RoHS , CE (Europe) , REACH , FCC (USA)
