M12

Microworld M12 Foldable Bluetooth Headset

Product Overview

Microworld M12 Foldable Bluetooth Headset, 40mm Driver size, Over-Ear Form Factor, Type-C charging Port, 4-8 hours Battery Life, Pink Colour

Specifications

Overview Summary:

The Microworld M12 Foldable Bluetooth Over-Ear Headset is designed for users who want portable wireless audio with practical everyday performance. It features 40mm drivers for clear stereo sound, Bluetooth 5.3 connectivity for stable pairing, and an over-ear foldable design that makes it easy to carry and store.

With active noise cancellation support, a built-in microphone for hands-free calling, and Type-C charging, it delivers a balanced mix of convenience and functionality. The 4-8 hour battery life supports daily listening, calls, and casual entertainment. Shop now to upgrade your wireless audio experience in a compact, travel-friendly design.

Performance tier: Entry-level wireless audio

Uses: Music streaming, hands-free calling, online meetings, studying, commuting, casual gaming

Overview:

Microworld M12 Foldable Bluetooth Headset - Compact Wireless Audio for Everyday Use
The Microworld M12 Foldable Bluetooth Headset is designed for users who want portable comfort, stable wireless connectivity, and strong everyday audio performance in a lightweight over-ear form factor. Built with a foldable structure and soft cushioning, it is suitable for commuting, study sessions, casual gaming, and hands-free calling. The headset combines Bluetooth wireless freedom with an optional wired connection, giving users flexibility across different devices and usage environments.

Description:

The Microworld M12 Foldable Bluetooth Headset delivers a balanced combination of portability, comfort, and sound clarity. It features 40mm drivers that enhance bass response and stereo output, while Bluetooth 5.3 ensures stable wireless connectivity

up to approximately 10 meters. The foldable over-ear design improves portability, making it easy to store or carry. It also includes a built-in microphone for clear voice calls and supports both wireless and wired listening through a 3.5mm audio jack. With Type-C charging and a battery life of 4 to 8 hours depending on usage, it is built for daily, on-the-go convenience.

Features:

Foldable Design and Everyday Comfort
The headset is built with a practical foldable structure that reduces storage space and improves portability. The over-ear cushions are made from memory foam, designed to provide a soft fit that can be worn for extended periods without excessive pressure. Its adjustable headband allows for a more personalized fit across different head sizes, making it suitable for both adults and teenagers.

Key comfort and design points include:

- Foldable over-ear construction for compact storage
- Memory foam ear cushions for improved comfort
- Lightweight ABS plastic frame for durability and portability
- Adjustable headband for flexible fit

The SKU for this model is M12, which identifies it within the Microworld foldable headset range.

Sound Performance and Audio Output
Equipped with 40mm large-aperture drivers, the M12 delivers a stronger bass response and clearer stereo separation than smaller driver headsets. It is tuned for everyday listening, including music playback, streaming content, and voice calls.

Audio highlights include:

- 40mm driver units for fuller sound reproduction
- Enhanced bass response for music and media
- Hi-fi stereo output for clearer separation of sound channels
- Suitable for casual entertainment and communication

Wireless Connectivity and Dual Mode Support
The headset uses Bluetooth 5.3 technology, offering improved stability and reduced latency compared to older versions. It maintains a reliable connection within a typical 10-meter range, depending on environmental conditions.

Connectivity options:

- Bluetooth 5.3 wireless connection
- Approximate 10-meter operating range
- 3.5mm auxiliary port for wired listening when needed
- Compatible with smartphones, laptops, tablets, and other Bluetooth-enabled devices

This dual-mode functionality ensures uninterrupted use even when the battery is low.

Battery Performance and Charging
The Microworld M12 is powered by a rechargeable battery that delivers between 4 to 8 hours of usage, depending on volume level and playback type. Charging is handled via a Type-C port, allowing for more convenient and faster recharging compared to older micro-USB systems.

Battery and charging details:

- 4 to 8 hours of playback time per charge
- Type-C fast and convenient charging interface
- Optimized power consumption for daily use scenarios

Built-In Microphone and Calling Functionality
A built-in microphone allows for hands-free calling and basic voice communication. It is suitable for online meetings, mobile calls, and voice interactions while on the move. The microphone is integrated into the headset design for ease of use without external attachments.

Technical Details (SKU M12)
The Microworld M12 Foldable Bluetooth Headset is defined by a compact yet capable hardware setup designed for general consumer use.

- Product SKU: M12
- Bluetooth Version: 5.3
- Driver Size: 40mm
- Form Factor: Over-ear
- Charging Port: Type-C
- Battery Life: 4 to 8 hours depending on usage
- Material Construction: ABS plastic with memory foam ear cushions
- Colour Option: Pink
- Connectivity Modes: Bluetooth wireless and 3.5mm wired support

The M12 model focuses on combining everyday usability with practical portability, making it suitable for users who need a simple, flexible headset for both home and mobile environments.
