

M1200 3PACK -2

Cudy M1200 AC1200 Mesh Wi-Fi system - 3 Pack

Product Overview

Cudy M1200 AC1200 Mesh Wi-Fi system - 3 Pack, Wi-Fi Standard is Wi-Fi 5 with AC1200 Speed Class, Dual-Band Operation on 2.4GHz and 5GHz frequencies, Maximum Speed of 867 Mbps on 5GHz band, Maximum Speed of 300 Mbps on 2.4GHz band, Supports connection for up to 128 devices simultaneously, 2x Fast Ethernet Ports (10/100 Mbps), Features MU-MIMO and beamforming Technology, Seamless Mesh roaming between Network Units

Specifications

Overview Summary:

Upgrade your home connectivity with the Cudy AC1200 Mesh Wi-Fi System 3 Pack, now available for delivery across South Africa. This comprehensive solution eliminates dead zones in even the largest properties, delivering reliable dual-band speeds of up to 867 Mbps on the 5 GHz band and 300 Mbps on the 2.4 GHz band. Designed specifically for modern households, it supports up to 128 devices simultaneously, ensuring smooth streaming and gaming without interruptions as you move from room to room.

Installation is effortless with auto-sync technology that configures all three units instantly upon setup. Take control of your network security and family usage with built-in parental controls and VPN capabilities managed via the Cudy App. Don't let poor signal hold you back; secure a stable, high-speed connection for your entire home today by buying now.

Performance tier:High

Uses:Home networking, streaming 4K video, online gaming, smart home device connectivity, remote work, parental control management

Overview:**Cudy AC1200 Mesh Wi-Fi System 3-Pack Review**

The Cudy M1200 AC1200 Mesh Kit is designed to eliminate the frustration of weak signals and dead zones that plague larger homes. This three-unit system works seamlessly together to blanket up to 220 square meters with reliable dual-band Wi-Fi 5, ensuring every room from the back bedroom to the garage stays connected. The setup process is remarkably simple, requiring just a few minutes to configure one primary unit while the remaining units automatically sync to extend your network coverage effortlessly.

Description:

Experience consistent high-speed internet throughout your entire property with the Cudy M1200 3-Pack. This mesh system replaces patchy signals with a single, unified network that intelligently routes traffic for maximum efficiency. Whether you are streaming 4K video, gaming online, or managing smart home devices, this kit delivers dual-band speeds of up to 867 Mbps on the 5 GHz band and 300 Mbps on the 2.4 GHz band. Enhanced by MU-MIMO and beamforming technology, it supports up to 128 connected devices simultaneously without slowdowns, making it an ideal solution for busy households with multiple users and gadgets.

Features:**Seamless Connectivity Across Every Room**

Walking from the lounge to the bedroom should never mean your video call freezes or your stream buffers. The Cudy Mesh technology automatically hands off your devices to whichever unit has the strongest signal, switching connections in milliseconds so you stay online without lifting a finger. This intelligent roaming is supported by multi-band simultaneous backhaul, allowing the units to communicate efficiently in the background and keeping the whole-home network fast and consistent regardless of where you are located.

The system handles high-demand environments with ease thanks to its 4-stream dual-band architecture. It is rated to manage up to 128 connected devices at once, making it perfectly suited for homes equipped with several smartphones, laptops, smart TVs, and various smart-home gadgets all running concurrently. Each individual unit includes two Fast Ethernet ports, allowing you to wire in a games console, smart TV, or desktop PC directly for the most stable connection possible.

Network Control and Security Features:

Beyond raw speed, this kit provides powerful tools to manage your network with confidence through the Cudy App. You can set up a built-in VPN server or client for secure remote access from anywhere in the world. Parental controls are also integrated directly into the interface, allowing you to schedule offline time for children or block inappropriate content on the web. All these settings are managed via cloud control, giving you full visibility and adjustment capabilities from your smartphone.

This product is identified by part number M1200 3PACK -2 and comes as a complete solution for modern connectivity needs. The design focuses on reliability and ease of use, ensuring that even those with limited technical experience can get their home network running smoothly right out of the box.

Key Technical Highlights

- Dual-band Wi-Fi 5 delivering up to 867 Mbps (5 GHz) and 300 Mbps (2.4 GHz)
- Cudy Mesh technology with seamless roaming that auto-switches devices to the strongest signal
- MU-MIMO and beamforming support for improved performance across multiple devices simultaneously

ComX Computers

Product Specification Sheet

- Two 10/100 Mbps Fast Ethernet ports per unit supporting Auto WAN/LAN functionality
- Supports a maximum of 128 connected devices without network congestion
- Built-in VPN server and client capabilities for secure remote access
- Advanced parental controls including Wi-Fi time scheduling and web filtering
- Full management via the Cudy App with convenient cloud control integration

Technical Specifications:

- Brand: Cudy
- Model Number: M1200 2.0
- Manufacturer Part Number: M1200 2.0
- EAN / Barcode: 6971690795641
- Colour: White
- Product Weight: 0.4065 kg
- Dimensions (L x W x H): 8.5x8.5x8.65 cm
- Device Type: Mesh System
- Wi-Fi Standard: Wi-Fi 5
- Speed Class: AC1200
- Bands: Dual-Band
- Units in Pack: 3
- Coverage Area: Up to 220 m²
- Ethernet Ports per Unit: 2
- USB Port Support: No
- Max Connected Devices: 128

What's in the Box

- 3 x Cudy M1200 Mesh Unit - White
- 3 x Power Adapter
- 3 x Ethernet Cable
- 1 x Installation Guide

Cudy is committed to making reliable, whole-home networking simple and accessible without unnecessary complexity. The M1200 Mesh Kit brings this same philosophy to households, delivering dependable coverage and speed you can trust.

FAQ

What is the maximum coverage area for this mesh system?

The Cudy M1200 3-Pack provides whole-home Wi-Fi coverage of up to 220 m², effectively eliminating dead zones in larger homes.

How many devices can connect simultaneously without slowdowns?

This system supports up to 128 connected devices at once using MU-MIMO and beamforming technology to maintain speed for smartphones, laptops, and smart gadgets.

What are the Wi-Fi speeds provided by this AC1200 kit?

You get dual-band speeds of up to 867 Mbps on the 5 GHz band and 300 Mbps on the 2.4 GHz band for fast streaming and stable connections.

Does this product include USB ports or require external hard drives?

No, each unit features two Fast Ethernet (10/100 Mbps) ports but does not have a USB port.

How difficult is the installation process for new users?

Setup is effortless; you simply plug in the first unit and the remaining mesh units will automatically sync to extend your network within minutes.
