

M220-BA

FSP M220 ATX Mid Tower Gaming Chassis - Black

Product Overview

FSP M220 ATX Mid Tower Gaming Chassis - Black, 165mm Maximum CPU Cooler height, 340mm Graphics card length, 360mm Max radiator support, 7 Expansion slots, External I/O Port - 1x USB 3.0 / 2x USB 2.0, 1+1 3.5" HDD bays, 2 2.5" SSD bays

Specifications

Overview Summary:

The FSP M220 ATX Mid Tower Gaming Chassis in black is designed for gamers and PC enthusiasts in South Africa looking to build powerful, stylish systems. With support for large CPU coolers, long graphics cards, and up to 360mm radiators, this chassis ensures optimal airflow and efficient cooling. Shop now to create a high-performance gaming rig with versatile storage and front-panel USB connectivity.

Its tempered glass side panel and integrated ARGB lighting allow for a customizable look, while tool-free design simplifies assembly. Buy now to experience a chassis that combines functionality, cooling, and modern aesthetics for your gaming setup.

Performance tier:High

Uses:Gaming PCs, content creation, high-performance computing, custom PC builds, workstation setups

Overview:

FSP M220 ATX Mid Tower Gaming Chassis - Black

The FSP M220 ATX Mid Tower Gaming Chassis combines sleek design, superior cooling, and flexible component support to elevate your gaming setup. Engineered for gamers and PC enthusiasts, this chassis accommodates high-performance hardware while maintaining optimal airflow for reliable operation.

Description:

Designed to handle the latest gaming components, the FSP M220 supports up to 165mm CPU cooler height, 340mm graphics card length, and 360mm radiator size. It offers convenient external connectivity with USB 3.0 and USB 2.0 ports, versatile storage options with multiple HDD and SSD bays, and stunning ARGB lighting for a customizable gaming aesthetic. Ideal for building powerful, stylish gaming rigs that stay cool under pressure.

Features:

High-Performance CPU for Gaming and Creation

The AMD Ryzen 5 5600XT delivers six cores and twelve threads, offering exceptional multitasking and gaming performance. With a boost clock of up to 4.7GHz and 32MB of L3 cache, it ensures smooth gameplay, faster application loading, and responsive computing for creators and gamers alike in South Africa.

Enhanced Speed with PCIe 4.0

Take advantage of PCIe 4.0 compatibility for faster data transfer with modern graphics cards and NVMe SSDs. The AMD Ryzen 5 5600XT maximizes your system's potential, enabling high-speed gaming, rapid content creation, and next-generation performance.

Quiet and Efficient Cooling

The included Wraith Stealth cooler keeps your CPU temperature in check while maintaining near-silent operation. Whether gaming or working on intensive tasks, your system stays cool, stable, and efficient without unnecessary noise distractions.

Optimized for Gaming and Productivity

From AAA gaming titles to demanding creative applications, the AMD Ryzen 5 5600XT ensures high frame rates, fast rendering, and seamless multitasking. Paired with a compatible motherboard and memory, this CPU serves as the core of a powerhouse gaming PC.

Versatile Chassis Design

- Tempered glass side panel to showcase your build
- Integrated ARGB controller for custom lighting effects
- Supports front, top, and rear radiators for enhanced cooling
- Dedicated bays for multiple 2.5-inch SSDs and 3.5-inch HDDs
- Front-mounted USB 3.0 and USB 2.0 ports for fast connectivity
- Accommodates graphics cards up to 340mm in length
- Optimized ventilation with multiple fan mounting points
- Tool-free design for easy assembly

Package Contents

- FSP M220 ATX RGB Gaming Chassis - Black x1

Trusted Quality from FSP

FSP is a globally recognized brand in PC chassis and power supplies, known for innovation and reliability. The M220 chassis reflects decades of experience, delivering a premium gaming experience with superior cooling, easy installation, and stylish design for South African gamers seeking a high-performance PC case.
