maintaining data quality over multiple uses. It is designed for users who require flexible storage that can be erased and reused many times without performance degradation.

Ideal for home, office, and educational use, this disc supports reliable storage of documents, photos, music, and video content. It is compatible with standard DVD+RW drives and offers stable playback and recording performance.

Performance tier:Mid-range

Uses:Data backup, video recording, file archiving, media storage, document transfer

Description

The Verbatim 43229 DVD+RW Matt Silver disc is designed for reliable rewritable storage with a strong focus on durability and performance stability. It supports up to 4.7GB of data storage, making it suitable for large file backups, personal media collections, and business data archiving. The disc uses a 4x write speed for controlled and stable recording, reducing errors during writing sessions.

Its SERL recording layer technology ensures that the disc can be rewritten multiple times without significant degradation in quality. The Matt Silver surface enhances reflectivity consistency, helping maintain compatibility across a wide range of DVD drives and players. Packaged in a protective jewel case, it provides safe storage and easy organization.

Features

- 4.7GB storage capacity for data, video, and audio files
- 4x recording speed for stable writing performance
- Rewritable DVD+RW format for multiple uses
- SERL technology for improved rewrite durability and consistency
- Matt Silver reflective surface for reliable disc readability
- Compatible with most standard DVD+RW drives
- Supplied in a protective jewel case for safe storage
- Ideal for backup, archiving, and media recording

Guaranteed Quality

When drive manufacturers test their products, they use Verbatim media. It's the global No.1 for a reason - guaranteed quality! Due to the extensive research and development undertaken over the past 50 years, Verbatim is able to provide the highest quality discs which ensure that all your data will be safely stored and will last a lifetime.

Long Lifetime

Optical discs provide the best solution for long-term safe and secure storage of your important files - ideal for all your precious photos, videos and documents that you want to keep forever. They are dust and water resistant and can withstand wide changes in temperature and humidity.

Multiple-uses

Verbatim rewritable discs can be written and rewritten over and over again. SERL technology allows continual rewrites without the loss of quality or sound degradation.
