Overview Summary

Verbatim Micro SDHC 32GB Class 10 Memory Card 44013

The Verbatim Micro SDHC 32GB Class 10 Memory Card is designed to provide dependable storage expansion for a wide range of portable electronic devices. Its compact MicroSDHC format makes it ideal for mobile phones, GPS units, digital cameras, MP3 players and other devices that support MicroSDHC memory cards.

With a Class 10 speed rating and 32GB storage capacity, this memory card offers consistent performance for storing and transferring photos, videos, music and documents. The low power design helps preserve battery life in mobile devices while providing reliable everyday storage.

Performance tier: Entry-level

Uses: Mobile phones, digital cameras, GPS devices, MP3 players, PDA devices, photo storage, video storage, document storage

Overview

Currently the smallest form factor of memory card available, the microSDHC/SDXC memory cards are designed especially for mobile phones, this tiny memory card consumes very little power, therefore preserving the battery life of your mobile phone. It can also be used in GPS devices, MP3 players, digital cameras and PDA's.

The list of compatible devices grows daily and Verbatim microSD memory cards are compatible with all devices that have an SDHC/SDXC slot when used with the SD adaptor. All cards contain the latest copyright management technology to ensure legal transfer of digital assets (pictures, movies, music etc...) over computer networks for personal use. The Class 10 specification indicates a minimum data transfer speed of 10MB/Sec.

Description

The Verbatim Micro SDHC 32GB Class 10 Memory Card 44013 is a compact and reliable storage solution designed for everyday digital storage needs. Its MicroSDHC format is widely supported by mobile phones, GPS navigation systems, digital cameras, MP3 players and other portable devices requiring additional storage capacity.

With 32GB of storage space, users can store a large collection of photos, music files, videos, applications and documents. The Class 10 performance rating provides a minimum write speed suitable for Full HD video recording and fast file transfers, helping users capture and access content efficiently.

The card is designed with low power consumption characteristics that help preserve battery life in mobile devices. Verbatim also incorporates digital content protection technology to support secure management and transfer of digital media files.

Whether used for expanding smartphone storage, recording videos, storing navigation data or carrying important files, this memory card delivers dependable performance in a compact form factor.

Features

- 32GB storage capacity for photos, videos, music and documents.
- Class 10 speed rating for reliable data transfer performance.
- Suitable for Full HD video recording applications.
- MicroSDHC format compatible with many mobile and portable devices.
- Low power consumption design helps preserve device battery life.
- Ideal for smartphones, cameras, GPS devices and media players.
- Compact size for convenient installation and portability.
- Supports secure management of digital content.

What's in the Box

- 1 x Verbatim Micro SDHC 32GB Class 10 Memory Card 44013

Specifications

- Brand: Verbatim
- Model: 44013
- Product Type: Micro SDHC Memory Card
- Capacity: 32GB
- Memory Card Format: MicroSDHC
- Speed Class: Class 10
- Minimum Transfer Speed: 10 MB/s
- Read Speed: 10 MB/s
- Write Speed: 10 MB/s
- Colour: Black
- Suitable Devices: Mobile phones, GPS devices, digital cameras, MP3 players, PDA devices
- Digital Rights Management: Supported

FAQ

What devices are compatible with the Verbatim 32GB Micro SDHC Class 10 Memory Card?

This memory card is compatible with devices that support MicroSDHC cards, including smartphones, digital cameras, GPS units, MP3 players and many portable electronic devices.

Can this memory card be used for Full HD video recording?

Yes. The Class 10 speed rating makes it suitable for Full HD video recording and playback applications.

How much data can 32GB store?

A 32GB memory card can store thousands of photos, hours of video, music files, documents and mobile applications depending on file sizes and device usage.

Is this memory card suitable for expanding smartphone storage?

Yes. It is designed to provide additional storage space for compatible smartphones and mobile devices that support MicroSDHC memory cards.

What does Class 10 mean?

Class 10 indicates a minimum sustained data transfer speed of 10 MB/s, making it suitable for video recording and everyday storage tasks.
