Buy online today for quick delivery in South Africa and keep your important files secure and accessible wherever you go.

Overview Summary

Verbatim 49064 32GB PinStripe USB Flash Drive - Black

The Verbatim PinStripe 32GB USB Flash Drive is built for users who need dependable portable storage for documents, music, videos, photos, and backups. Its slim striped design and retractable USB connector make it easy to carry in a laptop bag, backpack, or pocket without worrying about losing a cap.

Designed with USB 2.0 connectivity, the drive offers broad compatibility with desktop computers, laptops, multimedia devices, and supported car audio systems. The lightweight construction and plug-and-play operation make it suitable for home, school, office, and travel use.

Performance tier: Entry-level portable storage

Uses: File storage, document transfer, media playback, school work, office backups, portable data storage

Description

The Verbatim 49064 PinStripe USB Flash Drive combines practical storage capacity with a lightweight and portable design suitable for daily use. Its retractable USB connector protects the connection without requiring a removable cap, helping reduce the risk of damage or lost accessories during transport.

With 32GB of storage capacity, this USB flash drive provides enough space for documents, spreadsheets, presentations, music files, videos, and digital photos. The USB-A interface allows compatibility with a wide range of laptops, desktop computers, smart TVs, multimedia systems, and other USB-enabled devices.

The compact striped housing offers a modern appearance while remaining slim enough for easy portability. Plug-and-play functionality simplifies setup without requiring additional software installation on supported operating systems. The drive also supports optional password protection software downloads for added file security on compatible Windows systems.

This Verbatim USB drive is ideal for students, office workers, technicians, and general users who need reliable portable storage for transferring and backing up files at work, school, or home.
