MA1

Motorola MA1 Wireless Car Adapter for Android Auto

Product Overview

Motorola MA1 Wireless Car Adapter for Android Auto, 5GHz WiFi, Bluetooth V5.0

Specifications

Overview:

WIRELESS CAR ADAPTER FOR ANDROID AUTO
The world's first and only wireless Android Auto adapter using Google-licensed bridge technology to enable wireless Android Auto in cars or trucks with factory-fitted wired Android Auto. The MA1 provides a wireless connection to your car's existing Android Auto, making it even easier to get all your favorite apps on your car display.

Features:

WIRELESS CAR ADAPTER FOR ANDROID AUTO
With the Motorola MA1 there are no wires, no fuss, just a seamless connection to Android Auto to safely access the apps that you need and be on your way.

FAST MEDIA TRANSMISSION
5 GHz WiFi for wireless Android Auto. The Motorola MA1 licenses technology from Google that makes it simple for users to connect to existing USB-enabled Android Auto vehicles wirelessly, making it even easier to access apps using the car's display.

SEAMLESS CONNECTION
The Motorola MA1 eliminates the need to plug your phone into your cars infotainment system every time you get into the vehicle. This allows for easier access to your favorite navigation, media, and messaging apps.

EASY SET UP
Super easy to set up: 1. Plug the MA1 adapter into your car's existing Android Auto-enabled USB port; 2. Pair your phone to the MA1 adapter using Bluetooth; 3. Enjoy wireless Android Auto!

SLEEK DESIGN
The Motorola MA1 sports a low-profile industrial design for drivers who want to experience a seamless wireless connection but do not have the factory-supplied technology that allows them to do so.
