Product Overview

Midea Top Load Washing Machine - 11kg Washing Capacity, 3D Cyclone Cleaning System, Uses Fuzzy Logic Technology, Soft-Close Matte Glass Lid, Auto Drum Clean & Health Guard Hygiene, Adjustable Feet, Loadshedding Auto Resume, Child Lock Safety Protection, Noise Reduction, One Touch Wash, Color Titanium, Retail Box

Specifications

About this product

The Midea MA200W110-T 11kg Top Load Washing Machine combines large-capacity laundry with 3D Cyclone Cleaning, Fuzzy Logic Technology, Auto Drum Clean, Health Guard Hygiene+, One Touch Wash and Loadshedding Auto Resume. The soft-close matte glass lid, adjustable feet, child lock and noise reduction design add everyday convenience and safety. Buy this Midea 11kg washing machine from our website for reliable home laundry in South Africa.

Overview Summary

The Midea MA200W110-T is an 11kg fully automatic top load washing machine designed for convenient everyday laundry. Its 3D Cyclone Cleaning System combines the Water Magic Pulsator and Water Cube Tub to create strong water movement while helping reduce tangling and excessive friction. Fuzzy Logic Technology automatically weighs the laundry and adjusts the water level and cycle time for a more convenient wash.

The washing machine includes Auto Drum Clean and Health Guard Hygiene+ features to help maintain a cleaner washing environment. A soft-close matte glass lid helps reduce lid-closing noise, while adjustable feet provide stable positioning. Loadshedding Auto Resume allows the washing cycle to continue after a power interruption, making this model practical for homes affected by power cuts.

Performance tier: Large-capacity everyday home laundry

Uses: Family laundry, everyday clothing, towels, bedding, household fabrics, large laundry loads

Overview

The Midea 11kg Top Load Washing Machine combines a large 11kg capacity with a 3D cyclone-style "Wave" impeller system and fuzzy-logic auto-sensing to adjust water and cycle time for cleaner, more efficient washes. It features a soft-close matte-glass lid, auto drum clean, Health Guard hygiene wash, adjustable feet, load-shedding auto-resume, child lock, and noise-reducing design for safe, quiet operation in Gauteng-style homes. Compact at 565 x 550 x 935 mm with a 70L tub volume and no-inverter universal motor, this titanium-finish top-loader is aimed at medium-sized households that want reliability and basic smart-wash options without inverter tech.

Description

The Midea MA200W110-T is a fully automatic 11kg top load washing machine designed to handle everyday household laundry with a large washing capacity and automated washing functions. Its top load configuration provides convenient access to the washing tub, while the titanium finish gives the appliance a clean and modern appearance.

The 3D Cyclone Cleaning System uses the Water Magic Pulsator and Water Cube Tub to create effective water movement through the laundry. The pulsator is designed to generate strong water waves, while the Water Cube Tub creates a water flow intended to improve washing performance and reduce tangling. The system is designed to provide thorough cleaning while helping protect fabrics from excessive friction.

Fuzzy Logic Technology simplifies washing by weighing the laundry and automatically selecting suitable water levels and cycle time. Midea also states that its Turbo Wash function can save 20-40% of washing time by strengthening water flow while maintaining washing performance.

For hygiene and maintenance, the washing machine includes Auto Drum Clean and Health Guard Hygiene+ functions. During the self-cleaning process, water flushes between the inner and outer drums to help remove dirt and residues. Air Fresh Technology also improves air circulation through the tub to help reduce moisture-related odours.

The soft-close matte glass lid helps reduce the sound of the lid closing and is designed to help prevent accidental finger pinching. The matte surface is also designed to resist fingerprints and is easy to clean. Adjustable feet help provide stable positioning, while Child Lock Safety Protection adds an extra safety feature for households with children.

Loadshedding Auto Resume is designed to continue the previous operation after a power interruption. With One Touch Wash, users can start the washing process with simplified operation. The machine operates with a universal motor and has a 70L inner tub volume.

Features

The Midea MA200W110-T combines large washing capacity with automated cleaning and convenience features for regular household laundry.

- 11kg washing capacity: Provides a large washing capacity for everyday household laundry and larger loads.
- 3D Cyclone Cleaning System: Combines the Water Magic Pulsator and Water Cube Tub to create strong water movement for thorough cleaning.
- Fuzzy Logic Technology: Weighs the laundry and automatically adjusts water level and cycle time.
- Turbo Wash: Strengthens water flow and is designed to save 20-40% washing time while maintaining washing performance.
- Water Magic Pulsator: Generates significant water waves to support effective cleaning.

- Water Cube Tub: Creates a water flow designed to improve washing performance and reduce tangling.
- Auto Drum Clean: Helps remove dirt and residues from the inner and outer drum during the self-cleaning process.
- Health Guard Hygiene+: Helps prevent bacteria build-up and supports a cleaner washing environment.
- Soft-close matte glass lid: Helps reduce closing noise and is designed to help prevent accidental finger pinching.
- Loadshedding Auto Resume: Automatically continues the previous operation after a power interruption.
- Child Lock Safety Protection: Provides additional protection during operation in households with children.
- Adjustable feet: Helps provide stable positioning on uneven surfaces.
- Air Fresh Technology: Promotes air circulation to help reduce moisture-related mould and odours inside the tub.
- Noise reduction: Designed for quieter operation with a listed wash noise level of 66dB and spin noise level of 78dB.
- One Touch Wash: Provides simplified operation for convenient washing.
- Titanium finish: Provides a modern finish suitable for contemporary laundry areas.

FAQ

What is the washing capacity of the Midea MA200W110-T?

The Midea MA200W110-T has an 11kg washing capacity, making it suitable for everyday household laundry and larger loads.

How does the 3D Cyclone Cleaning System work?

The 3D Cyclone Cleaning System combines the Water Magic Pulsator and Water Cube Tub to create strong water movement designed to support thorough cleaning while reducing tangling.

Does the Midea MA200W110-T use Fuzzy Logic Technology?

Yes. Fuzzy Logic Technology weighs the laundry and automatically adjusts the water level and cycle time for a more convenient wash.

Does this washing machine support loadshedding auto resume?

Yes. Loadshedding Auto Resume allows the washing machine to continue the previous operation after a power interruption.

Does the Midea MA200W110-T have a child lock?

Yes. Child Lock Safety Protection is included to provide additional protection during washing.

Does the Midea MA200W110-T have an automatic drum cleaning function?

Yes. Auto Drum Clean helps flush dirt and residues from the inner and outer drum during the self-cleaning process.

What type of lid does the Midea MA200W110-T have?

The washing machine has a soft-close matte glass lid designed to reduce closing noise, help prevent accidental finger pinching and resist fingerprints.

What are the dimensions of the Midea MA200W110-T?

The product dimensions are 550 x 565 x 933mm. Including the drain hose, the dimensions are 550 x 635 x 935mm.

How much does the Midea MA200W110-T weigh?

The net weight is 37kg and the gross weight is 42kg.

What power supply does the Midea MA200W110-T require?

The washing machine is rated for a 220-240V, 50Hz power supply and has a rated power of 600W.

Is the Midea MA200W110-T suitable for family laundry?

The 11kg capacity and large 70L inner tub make the washing machine suitable for regular household laundry and larger loads.
