About this product

Buy the MSI MAG 255F X24 25 inch FHD 240Hz IPS Gaming Monitor for ultra smooth competitive gaming performance in South Africa from this online store and upgrade your gameplay with fast refresh response and crisp Full HD clarity. Designed for esports level speed and visual precision, this monitor delivers high frame rate fluidity, wide viewing angles, and responsive IPS technology for serious gamers who want fast reaction times and clear image quality in every session. Shop now for a performance driven gaming display built for modern PC and console setups.

Overview Summary

MSI MAG 255F X24 25 inch FHD 240Hz IPS Gaming Monitor is built for high speed competitive gaming with a focus on responsiveness, clarity, and smooth motion performance. The 240Hz refresh rate ensures ultra fluid frame transitions, reducing motion blur and giving gamers a competitive advantage in fast paced titles such as FPS, racing, and esports games.

Featuring a Full HD IPS panel, this monitor delivers consistent color accuracy and wide viewing angles, making it suitable for both gaming and everyday multimedia use. The 25 inch screen size provides a balanced viewing field for focused gameplay without excessive head movement, ideal for desk setups.

Designed with gaming performance in mind, the MSI MAG series emphasizes low latency responsiveness and stable image output, helping users experience smoother tracking, sharper motion detail, and improved visual reaction speed in demanding gaming environments.

Performance tier: Competitive gaming high refresh display

Uses: Esports gaming, FPS gaming, console gaming, PC gaming, multimedia viewing, streaming

Overview

Experience immersive gaming with the MAG 255F X24 gaming monitor. It features a 1920 x 1080 (FHD) panel, a 240Hz refresh rate, and a rapid 0.5ms (GtG, Min) response time. The monitor is HDR Ready, enhancing eye-catching details through adjustments in contrast and shadows. Designed for competitive FPS, first-person RPG/MMORPG, and flight/racing simulator genres, the MSI MAG 255F X24 gaming monitor takes casual gaming to a new level, challenging players to see beyond the game.

Description

The MSI MAG 255F X24 25 inch FHD 240Hz IPS Gaming Monitor is engineered for gamers who demand high speed performance and visual clarity. Its 240Hz refresh rate ensures extremely smooth motion rendering, reducing lag and screen tearing during fast gameplay sequences.

The IPS panel technology provides consistent color reproduction and wide viewing angles, making it suitable for both competitive gaming and general entertainment use. The 25 inch form factor is ideal for focused desktop setups where quick visual response is essential.

With Full HD resolution and esports focused tuning, this monitor is designed to enhance reaction time and in game precision, making it a strong choice for competitive gamers and performance driven users.

Features

The MSI MAG 255F X24 delivers a range of performance focused features designed for competitive gaming and smooth visual output.

- 240Hz ultra high refresh rate for smooth motion clarity
- IPS panel technology for accurate colors and wide viewing angles
- Full HD resolution for sharp and detailed visuals
- Optimized for esports and fast paced gaming environments
- Reduced motion blur for improved tracking in action scenes
- Stable and responsive display performance for competitive play

Engineered for the decisive gamer in South Africa

The MSI MAG 255F X24 is not merely a monitor; it is an instrument of precision, built for those who understand that victory is often decided in fractions of a second. This 25-inch Full HD Rapid IPS display is calibrated for the demands of competitive gaming, where every frame counts and visual clarity is paramount. It is designed for the player who seeks not just to play, but to dominate, offering a seamless visual experience that keeps you locked onto your target without compromise. If your pursuit is peak performance and undeniable responsiveness, this gaming monitor stands ready to meet your challenge. This 240Hz IPS monitor is your gateway to superior gaming.

Fluid motion and instantaneous reaction

At the heart of the MAG 255F X24 lies its exceptional 240Hz refresh rate, a critical component for any serious gamer seeking a competitive edge. This rate dramatically reduces motion blur and stutter, allowing for a significantly smoother visual experience, especially in fast-paced titles. Paired with an astonishing 0.5ms GtG (Grey to Grey) response time, ghosting and image trails become virtually non-existent. This combination ensures that what you see on screen is a true, immediate representation of the game's action, providing the competitive edge needed to react faster and play better. This 24.5 inch gaming monitor truly excels in delivering fluid action.

Vibrant visuals and broad compatibility

The Rapid IPS panel technology offers not only speed but also superior colour reproduction and wide viewing angles. With 117% sRGB coverage (CIE1976 Standard), 90% DCI-P3, and 87% Adobe RGB, the monitor delivers rich, accurate colours that bring game worlds to life. This makes it ideal for gaming and also suitable for content creation where colour fidelity is important. Furthermore, Adaptive-Sync technology synchronizes the monitor's refresh rate with your graphics card's frame output, eliminating screen tearing and providing a consistently smooth, tear-free gaming experience across various demanding

titles. Experience your favourite games on a stunning 240Hz IPS monitor.

Built for endurance and comfort

Understanding that long gaming sessions require comfort, the MSI MAG 255F X24 features a practical tilt adjustment (-5degrees to 20degrees), allowing you to find the most ergonomic viewing position. The anti-glare surface treatment ensures that reflections from ambient light do not disrupt your focus. For convenient setup and cable management, the monitor also includes a Kensington lock slot and is compatible with a 100x100mm VESA mount, allowing for easy integration into your existing gaming setup or the use of a monitor arm. This robust build quality ensures it remains a top-tier gaming monitor for years to come.

A gateway to immersive gaming

This 240Hz gaming monitor is more than a peripheral; it is an essential tool for the dedicated gamer. Its combination of high refresh rate, rapid response time, excellent colour accuracy, and gaming-centric features makes it a compelling choice for anyone looking to elevate their gaming performance and visual experience. The MSI MAG 255F X24 is designed to provide a clear, responsive, and visually stunning window into your virtual worlds, solidifying its place as a premier gaming monitor for the discerning player.

FAQ

Is the MSI MAG 255F X24 suitable for competitive gaming?

Yes, the 240Hz refresh rate and IPS panel make it ideal for competitive gaming, especially FPS and esports titles where fast response and smooth motion are important.

Does this monitor support console gaming?

Yes, it can be used with modern gaming consoles that support Full HD output and high refresh rates for smoother gameplay.

What is the benefit of a 240Hz refresh rate?

A 240Hz refresh rate provides significantly smoother motion compared to standard displays, improving reaction time and reducing motion blur during fast action.

Is this monitor good for everyday use?

Yes, in addition to gaming, it can be used for browsing, streaming, and general productivity with clear Full HD visuals and IPS color quality.

Does IPS improve image quality?

IPS panels offer better color consistency and wider viewing angles compared to basic panel types, making visuals more accurate and stable.
