MAG A500N-H

MSI MAG A500N-H 500W ATX Non-Modular Power Supply

Product Overview

MSI MAG A500N-H 500W ATX Non-Modular Power Supply, Hydraulic bearing, 1x ATX (24 pin), 2x EPS (4+4 pin), 120 mm fan size, 1x PCI-e (6+2 pin), 3x SATA (15 pin), 2x Molex (4 pin), 1x FDD (4 pin), Active PFC

Specifications

Overview Summary:

The MSI MAG A500N-H 500W power supply unit is an excellent choice for gamers in South Africa seeking reliable and efficient power for their gaming PCs. Designed with a hydraulic bearing 120mm fan and multiple connectors, this non-modular PSU delivers stable power with advanced protections such as over voltage, short circuit, and under voltage safeguards. Shop now to ensure your system stays cool and protected during intense gaming sessions.

This power supply unit combines durability and efficiency, perfect for powering a variety of gaming builds. Buy now to experience steady performance and enhanced power efficiency with the MSI MAG A500N-H.

Performance tier: Mid-range gaming

Uses: Gaming PCs, desktop builds, system upgrades, power supply replacement, stable power delivery

Overview:

MSI MAG A500N-H 500W Power Supply Unit - Reliable Performance for Gaming PCs
The MSI MAG A500N-H is a 500W ATX power supply designed to provide stable and efficient power for gaming rigs. This non-modular PSU features a robust hydraulic bearing fan and a range of connectors to support various hardware configurations.

Key Specifications of the MSI MAG A500N-H 500W PSU

- Fan size:120mm hydraulic bearing fan for efficient cooling
- Power connectors:1x ATX (24-pin), 2x EPS (4+4 pin), 1x PCI-e (6+2 pin)
- Drive connectors:3x SATA (15-pin), 2x Molex (4-pin), 1x FDD (4-pin)
- Protection features: Over Voltage Protection (OVP), Short Circuit Protection (SCP), Over Power Protection (OPP), Under Voltage Protection (UVP)
- Design:Active Power Factor Correction (PFC) with single rail output

Features:

Overview and Features of MSI MAG A500N-H Power Supply:

The MSI MAG A500N-H is part of the ARSENAL GAMING series, engineered specifically for gamers who demand reliability and performance from their power supply. Drawing inspiration from military-grade durability, this PSU delivers consistent power with advanced protection mechanisms to safeguard your components under any gaming load.

- The 120mm fan ensures quiet and effective cooling, keeping your system stable during intense gameplay.
- The active PFC design improves power efficiency and reduces energy loss.
- Single rail power delivery offers steady and reliable voltage output for high-performance hardware.
- Industrial-level protections (OVP, SCP, OPP, UVP) help prevent damage caused by electrical faults, extending the lifespan of your system.

Why Choose the MSI MAG A500N-H for Your Gaming Build
This power supply combines rugged design and cutting-edge technology to support your gaming setup without compromise. Its durable build and comprehensive safety features make it a trustworthy choice for users who want a balance between performance and reliability.

Whether you're upgrading an existing rig or building a new PC from scratch, the MSI MAG A500N-H provides the power stability and protection needed to dominate digital battles with confidence.

If you want a power supply that matches your gaming ambition and keeps your components safe, the MSI MAG A500N-H is a solid choice to consider.
