

MAT-STM01-2

Lumi Anti fatigue standing mat Black 510 x 990 x 20 mm

Product Overview

Lumi Anti fatigue standing mat Black 510 x 990 x 20 mm, STM01-2

Specifications

Overview:

20.1" x 39" Premium Anti-fatigue Standing Mat

Relieve Discomfort When Standing Up

This anti-fatigue standing mat has a large surface 20.1" x 39", so you can move your feet around as much as you want, allowing for multi-tasking when standing for long hours. The mat is made of comfortable premium foam to adapt to the shape of your feet so you can feel an immediate relief of pressure on your back, legs, knees and ankles. It offers superior performance over thicker polyurethane foam competitors. The floor mat is completely flat and rectangular. The 4 edges are wide, rounded and do not curl-up, avoiding falls and risk of trip hazard to the user. Both top and bottom surfaces of the anti-fatigue mat are anti-slip. This anti-skid foam material improves traction and it is waterproof, therefore can be easily clean with some water and a cloth when dirty.

Features:

- Ergonomically Engineered Shock Absorption: stimulates blood circulation, provides strong sole support, and reduces fatigue and pain on legs and feet caused by prolonged standing
- Rubberized-Gel Foam: provides unmatched tensile strength to resist tearing and enhanced durability for high traffic areas to ensure the mat will not break down or compress over time
- Anti-Slip Surface (Front and Back): reduces slipping risks and ensures mat stays in place even in heavily trafficked areas
- Trip-Resistant Beveled Edge: ensures mat will not curl-up, reducing risk of trip hazard to the user and provides 18 degrees angle for an office chair to roll on and off with ease
- Water-Resistant Material: can be vacuumed or wiped with a damp cloth
