Asus ZenScreen MB169CK 16" Full HD Portable USB Monitor - Resolution 1920 x 1080 IPS, Contrast Ratio 800:1, Response Time 5ms (GTG), Aspect Ratio 16:9, Brightness 220nits, Refresh Rate 60Hz, Anti-Glare, Connectivity 2 x USB-C (DP Alt Mode), 1 x Mini HDMI, 1/4" Tripod Socket, 360degree kickstand, Retail Box

Specifications

About this product

The Asus ZenScreen MB169CK 16 inch Full HD portable USB monitor delivers sharp 1920 x 1080 IPS visuals with dual USB-C and Mini HDMI connectivity for seamless plug and play productivity. Designed for mobility with a slim profile, anti-glare display, and 360 degree kickstand, it is ideal for extending your workspace anywhere. Buy this portable Asus monitor online today for flexible dual screen performance and quick delivery in South Africa.

Overview Summary

Asus ZenScreen MB169CK 16 inch Full HD Portable Monitor

The Asus ZenScreen MB169CK is a lightweight and ultra-slim portable monitor built for professionals, students, and remote workers who need an additional display on the go. Featuring a 15.6 inch IPS panel with Full HD resolution, it delivers clear visuals and wide 178 degree viewing angles, ensuring consistent image quality from different perspectives. The anti-glare surface improves visibility in various lighting conditions, making it suitable for travel and mobile work setups.

With dual USB-C ports supporting DisplayPort Alt Mode and a Mini HDMI input, this monitor offers flexible connectivity with laptops, desktops, and compatible devices. The 360 degree kickstand and integrated tripod socket provide versatile positioning, while ASUS Eye Care technologies such as flicker-free and low blue light help reduce eye strain during extended use. This makes it an excellent choice for productivity, presentations, and content viewing.

Performance tier: Mid-range portable productivity

Uses:remote work, travel productivity, dual screen setup, presentations, office tasks

Overview

The Asus MB169B+ is a 15.6-inch Full HD portable USB-powered monitor that connects to laptops or desktops with a single USB-C or USB-A cable, delivering up to 1920x1080 resolution and smooth 60 Hz performance for on-the-go multi-display setups. It features a slim IPS panel with anti-glare coating, 250 cd/m² brightness, 800:1 contrast, 5 ms response time, and technologies like flicker-free, low blue light, and ASUS Splendid, plus auto-rotating display and a two-way adjustable Smart Case stand for flexible viewing angles. Weighing just 0.78 kg and measuring 36.0 x 22.6 x 1.2 cm, the MB169B+ supports both USB-C and Mini HDMI inputs, making it ideal for remote workers, students, and IT pros who need extra screen real estate without bulky power bricks or extra cables.

Strong reasons to buy

- Ultra slim and lightweight design ideal for travel and remote work
- Dual USB-C connectivity allows single cable power and video transmission
- Full HD IPS panel delivers clear visuals and wide viewing angles
- 360 degree kickstand and tripod socket offer flexible positioning
- Eye care technologies reduce eye strain during long usage sessions

Description

The Asus ZenScreen MB169CK is engineered for professionals who require a reliable and portable display solution. Its compact and lightweight build makes it easy to carry in a laptop bag, while the ultra-slim profile ensures it fits seamlessly into mobile work environments. Whether working from home, traveling, or attending meetings, this monitor extends your workspace with ease.

The Full HD IPS panel ensures consistent color accuracy and clarity across a wide 178 degree viewing angle, making it suitable for spreadsheets, documents, and multimedia content. The anti-glare coating enhances visibility in bright environments, reducing reflections and improving usability in different lighting conditions.

Connectivity is simplified with dual USB-C ports that support DisplayPort Alt Mode, allowing both power and video transmission through a single cable when compatible. The Mini HDMI port provides additional flexibility for connecting to a wider range of devices. The integrated 360 degree kickstand and tripod mount allow users to adjust viewing angles or set up the monitor in portrait or landscape orientation for enhanced productivity.

With ASUS Eye Care technology including flicker-free operation and low blue light filters, the ZenScreen MB169CK is designed for comfortable extended use, making it an ideal companion for long working hours.

Features

The Asus ZenScreen MB169CK combines portability with performance, offering a reliable second screen solution for modern users.

- Full HD IPS display: Provides sharp image quality and wide viewing angles for consistent visuals.
- Ultra portable design: Slim and lightweight for easy transport and on-the-go productivity.
- Dual USB-C connectivity: Supports power and video via a single cable for convenience.
- Mini HDMI input: Expands compatibility with additional devices.
- 360 degree kickstand: Enables flexible positioning in portrait or landscape mode.
- Anti-glare surface: Reduces reflections for improved visibility.
- Eye care technology: Flicker-free and low blue light features help reduce eye fatigue.
- Tripod socket: Allows mounting for stable and adjustable setups.

FAQ

Can the Asus ZenScreen MB169CK work with any laptop?

Yes, it works with laptops that support USB-C DisplayPort Alt Mode or HDMI output. For USB-C connection, ensure the port supports video output.

Does this portable monitor require external power?

The monitor can be powered through USB-C when connected to compatible devices. When using HDMI, a USB-C connection may be required for power.

Is this monitor suitable for gaming?

This monitor is designed for productivity and general use. With a 60 Hz refresh rate and 5 ms response time, it supports casual gaming but is not optimized for competitive gaming.

Can the screen rotate automatically?

Yes, with ASUS DisplayWidget software, the monitor can automatically switch between portrait and landscape modes.

Is the screen comfortable for long working hours?

Yes, it includes flicker-free technology and a low blue light filter to reduce eye strain during extended use.
