MCORE4

Yealink MCore4 Mini-PC with Intel Ultra 5 125H Processor

Product Overview

Yealink MCore4 Mini-PC with Intel Ultra 5 125H Processor, 16GB DDR5 Memory, 256GB SSD storage, Windows 11 IoT Enterprise x64 Operating System, 1x HDMI out 2.1 Port, 2x HDMI out 2.0 Port, 1x HDMI-in Port, 4x USB 3.0 Type-A Port, 1x MTouch Port (RJ-45), 1x LAN Port for AV Network, 1x Gigabit Ethernet Port, 1x Power Supply Port, 1x 3.5mm Headphone Port, WiFi, Bluetooth

Specifications

Overview Summary:

The Yealink MCore4 Mini-PC is a cutting-edge solution for businesses seeking to enhance their meeting room setups. With an Intel Ultra 5 125H processor, 16GB of DDR5 memory, and 256GB of SSD storage, this device delivers exceptional performance for video conferencing and remote collaboration. It supports multiple HDMI outputs, including 4K resolution, ensuring clear visuals for all participants. Whether you're installing it behind a display or mounting it on the wall, the MCore4's versatile design offers flexibility and convenience. Equipped with Wi-Fi and Bluetooth for seamless connectivity, the MCore4 is an ideal choice for modern meeting environments. Ready to optimize your conference room Buy now and experience smooth, high-performance meetings with the Yealink MCore4.

Performance tier: High-performance

Uses: Video conferencing, remote meetings, team collaboration, conference room solutions, office setups.

Overview:

Yealink MCore4 Mini-PC: The Ultimate Solution for Seamless Video Conferencing
The Yealink MCore4 Mini-PC is a powerful and versatile device designed specifically for meeting room systems, ensuring smooth and immersive video conferencing experiences in spaces of any size. Featuring the Intel Ultra 5 125H processor, this mini-PC offers impressive data processing capabilities and AI computing power to support efficient and stable meetings. With a sleek, space-saving design and flexible installation options, the MCore4 is perfect for businesses seeking a high-performance solution for their conference rooms.

Description:

The Yealink MCore4 Mini-PC is built for demanding meeting environments, offering seamless integration with Yealink's conferencing systems. Equipped with an Intel Ultra5 125H processor, 16GB of DDR5 memory, and 256GB of SSD storage, it delivers exceptional processing power and stability for smooth remote communication. Its diverse connectivity options, including multiple HDMI ports and USB connections, ensure compatibility with various conference room setups. The MCore4's innovative design includes a cable-locking system and wall-mount capability, providing both security and convenience. With support for 4K screen projection and flexible touch console pairing, the MCore4 is an ideal solution for modern meeting spaces.

Features:

Key Capabilities for Optimized Meetings

Powerful Data Processing for Seamless Conferencing
At the heart of the MCore4 is the Intel Ultra5 125H processor, known for its superior data handling and AI computing capabilities. This ensures your meetings run smoothly, even when handling large data sets or multiple video streams, making it perfect for high-demand remote communication environments.

4K Ultra-High Definition Projection
The MCore4 supports 4K resolution, delivering crystal-clear visuals that enhance the meeting room experience. Its HDMI-In port allows for auxiliary stream input, ensuring that all participants can view presentations and video content in stunning detail.

Flexible Touch Console Integration
MCore4 seamlessly integrates with both single and multiple touch consoles. Whether connecting via wired network cables or wirelessly through a local network, you can customize your setup based on room size and needs, eliminating distance limitations and simplifying installation.

Smart, Space-Saving Design
Designed with convenience in mind, the MCore4 features a cable-locking structure that prevents cable clutter, maintaining a clean and professional look. The wall-mount option with cable management cover and easy-to-use hand-tightened screws ensures that cables can be replaced quickly without needing to disassemble the device.

Versatile Installation Options
MCore4 is designed for flexible deployment in various conference room configurations. It can be easily mounted on walls, behind TVs, or beneath desks, ensuring optimal use of space. This versatility allows you to keep your meeting rooms organized and free from bulky equipment.

Comprehensive Connectivity for Every Scenario

Multiple HDMI Ports for Streamlined Connectivity
The MCore4 is equipped with multiple HDMI ports, including HDMI 2.1 and 2.0 output options, making it easy to connect to a

variety of display devices. Whether you need to project to multiple screens or connect to a central video hub, this mini-PC ensures seamless operation across multiple platforms.

Comprehensive Network Support
With built-in Wi-Fi, Bluetooth, and gigabit Ethernet, the MCore4 ensures a stable, high-speed connection for all participants. Its LAN port for AV network connections further enhances the device's versatility, making it suitable for a wide range of networking setups.

Durable and Future-Proof
MCore4's powerful hardware, including 16GB of DDR5 memory and 256GB SSD storage, ensures that the device can handle future software updates and increased data demands. Whether you're using it for video conferencing, collaboration tools, or media streaming, the MCore4 is built to keep up with your business needs.

Final Thoughts
The Yealink MCore4 Mini-PC is a robust and flexible solution for businesses looking to upgrade their meeting room systems. With powerful performance, versatile installation options, and a design focused on convenience and efficiency, it ensures that your team can collaborate effortlessly, whether in-person or remotely. If you're looking for a reliable, high-performance device to streamline your conferencing needs, the MCore4 is the perfect choice.

Specifications	
Product Code	MCORE4
Parameter	Description
System Board	Processor: Intel Ultra5 125H
	Memory: 16GB(2*8GB) DDR5
	Storage: 256GB SSD
System Preload	Windows 11 IoT Enterprise x64 operating system
	Windows 11 IoT Enterprise Lisence
	Optional Meeting Software:
	- Microsoft Teams Rooms
	- Zoom Rooms
	- RingCentral Rooms
BIOS Features	Support TPM2.0
	Support UEFI Secure Boot
	Support Kernel DMA
	Support CEC
	Support EDID
	Support MIPI

Interface	1 x HDMI-Out 2.1 port
	2 x HDMI-Out 2.0 port
	1 x HDMI-In port
	4 x USB3.0 Type-A Port
	1 x MTouch Port (RJ-45)
	1 x LAN port for AV network
	1 x 10/100/1000 Gigabit Ethernet Port
	1 x Power Supply Port
	1 x 3.5mm headphone Port
	1 x reset port
	1 x Security Slot
	WiFi: IEEE 802.11 a/b/g/n/ac/ax
	Bluetooth: BT 5.2
Package Content	1 x Yealink MCore 4
	1 x Power Supply
	1 x Wall Mount
	1 x HDMI 2.1 Cable
	2 x HDMI 2.0 Cable
	1 x Quick Start Guide
Dimension	188 x 188 x 47.5 mm
