Specifications

About this product

The Verbatim 43325 CD-R AZO Wide Inkjet Printable - 10 Pack Jewel Case delivers reliable high quality data storage with advanced AZO recording dye technology for long lasting performance. Designed for crisp, full surface inkjet printing, these discs are ideal for professional data backup, music compilation, and media archiving. Buy now for dependable storage and quick delivery in South Africa.

Overview Summary

Verbatim 43325 CD-R AZO Wide Inkjet Printable discs are engineered for secure and stable data recording. The AZO dye layer provides enhanced durability and improved resistance to degradation, helping preserve your data for extended periods.

Each disc supports full surface wide inkjet printing, making it suitable for professional labeling, branding, and customized media production. The printable surface ensures sharp, high resolution print results for both text and images.

Packaged in a convenient 10 pack jewel case, these CD-R discs are ideal for users who need consistent, high quality optical storage for everyday or professional use cases.

Performance tier: Professional

Uses: Data backup, music recording, file archiving, media distribution, custom disc printing

Description

The Verbatim 43325 CD-R AZO discs are designed for users who require dependable optical storage combined with high quality printability. Built with AZO recording technology, these discs deliver stable writing performance and long term data integrity.

The wide inkjet printable surface allows full coverage labeling, making them suitable for professional presentation, branding, and organized media management. The included jewel case packaging keeps discs protected from dust and scratches.

Features

High performance CD-R media designed for reliable recording and storage.

- AZO recording dye for improved longevity and stability
- Wide inkjet printable surface for full disc labeling
- Compatible with most CD writers and readers
- High capacity storage for data, audio, and multimedia files
- Scratch resistant protective coating
- Packaged in durable jewel cases for protection

Quality...Guaranteed
When drive manufacturers test their products, they use Verbatim media. It's the global No.1 for a reason - guaranteed quality! Due to the extensive research and development undertaken over the past 50 years, Verbatim is able to provide the highest quality discs which ensure that all your data will be safely stored and will last a lifetime.

Long Lifetime
Optical discs provide the best solution for long-term safe and secure storage of your important files - ideal for all your precious photos, videos and documents that you want to keep forever. They are dust and water resistant and can withstand wide changes in temperature and humidity.

AZO Technology
AZO is patented technology used exclusively by Verbatim. It provides the ultimate resistance to UV light for increased protection and reliability.

Customise your disc
Verbatim printable discs feature a printable surface designed for use with your inkjet printer. These discs allow you to print whatever you wish across the entire surface of the disc.
