Specifications

Overview Summary:

Experience the power of the Apple 13" iPad Air with the M4 chip, designed for seamless multitasking and creative performance. Featuring a Liquid Retina display, 12GB unified memory, and 128GB storage, this iPad Air delivers smooth performance for work, study, and entertainment. Shop now and unlock next-level productivity with Wi-Fi 7 connectivity and advanced camera capabilities.

Enhance your daily tasks with intuitive Apple Pencil support and the Magic Keyboard for precise control and comfortable typing. Whether for video calls, design work, or casual browsing, the iPad Air offers a versatile experience tailored to your needs. Buy now and elevate your Apple ecosystem experience in South Africa.

Performance tier:Premium

Uses:Multitasking, creative work, study, video calls, browsing, app usage, gaming

Overview:

Apple 13 Inch iPad Air M4 WiFi 128GB Space Grey

The 13 inch iPad Air delivers a significant leap in performance, driven by the Apple M4 chip and engineered for demanding workflows, creative tasks, and everyday productivity. Designed with portability in mind, it combines a large immersive display with advanced processing power, making it suitable for multitasking, media editing, and AI-assisted applications. With fast WiFi 7 connectivity, a refined camera system, and seamless integration with iPadOS, this device balances power and usability in a streamlined form factor.

Description:

The Apple 13 inch iPad Air with M4 chip is a high performance tablet built for users who need speed, responsiveness, and versatility. It features a vivid Liquid Retina display, powerful multi core processing, and advanced graphics for smooth multitasking and content creation. With 12GB unified memory and 128GB storage, it handles demanding apps and workflows efficiently. The device supports Apple Pencil and Magic Keyboard, making it ideal for productivity, note taking, and creative work. Enhanced connectivity with WiFi 7 ensures fast data transfer, while the 12MP cameras enable high quality video calls, photography, and 4K video recording.

Features:

Performance and Processing Power

ComX Computers

Product Specification Sheet

At the core of this iPad Air is the Apple M4 chip, designed to handle intensive workloads with efficiency. Whether editing high resolution video, working across multiple apps, or using AI powered tools, the device maintains consistent responsiveness.

Key performance highlights:

- Apple M4 chip with 8 core CPU and 9 core GPU
- 16 core Neural Engine for AI driven tasks
- 12GB unified memory for smooth multitasking
- Optimised for advanced graphics and real time rendering

Immersive Display Experience

The 13 inch Liquid Retina display offers a sharp and colour accurate viewing experience, suitable for both creative professionals and media consumption. Technologies like True Tone and P3 wide colour enhance realism and reduce eye strain during extended use.

Display details:

- 2732 by 2048 resolution at 264 ppi
- 600 nits brightness for clear visibility
- Fully laminated screen with anti reflective coating
- Supports Apple Pencil Pro and Apple Pencil USB C with hover functionality

Connectivity and Workflow Flexibility

Built with modern connectivity standards, this iPad Air ensures fast and stable wireless performance. It is designed for users who need reliable access to cloud storage, large file transfers, and remote collaboration.

Connectivity includes:

- WiFi 7 with Apple N1 wireless chip
- Bluetooth 6 support
- USB C connector for charging and data transfer
- Dual band networking with MIMO technology

Camera System and Video Capabilities

The device integrates a versatile camera system for both professional and casual use. The front facing camera is optimised for video calls, while the rear camera supports high resolution capture and video recording.

Camera capabilities:

- 12MP rear camera with Smart HDR 4 and 5x digital zoom
- 4K video recording up to 60 fps
- 12MP front camera with Center Stage for dynamic framing
- 1080p HD video recording and stabilisation features

Productivity and iPadOS Integration

Running on iPadOS, the iPad Air enables efficient multitasking and workflow management. The interface supports flexible windowing and seamless switching between applications, enhancing productivity.

Productivity benefits:

- Advanced multitasking with app organisation tools
- Compatible with Magic Keyboard for laptop style use
- Apple Pencil support for drawing and note taking
- Secure authentication with Touch ID

Battery and Everyday Use

ComX Computers

Product Specification Sheet

The device is engineered for extended usage throughout the day, supporting both work and entertainment without frequent charging interruptions.

Battery performance:

- Up to 10 hours of web browsing or video playback
- 36.59 watt hour lithium polymer battery
- Charging via USB C or power adapter

Core Technical Details

Essential specifications at a glance:

- Model: A3461
- Part Number / SKU: MH5N4QA/A
- Storage: 128GB
- Memory: 12GB unified memory
- Colour: Space Grey
- Operating system: iPadOS
- Wireless: WiFi only

What's Included

Inside the box:

- iPad Air 13 inch device
- USB C charge cable 1 meter
- 20W USB C power adapter

This configuration, identified by SKU MH5N4QA/A, positions the iPad Air as a high capability tablet for users who require both mobility and desktop class performance in a single device.
