Specifications

Summary Overview:

The Apple MacBook Neo 13-inch is a lightweight and powerful laptop designed for everyday productivity, business tasks, and mobile professionals. Powered by the advanced A18 Pro chip with a 6-core CPU, 5-core GPU, and 16-core Neural Engine, it delivers fast performance for spreadsheets, presentations, web applications, and multitasking. The brilliant 13-inch Liquid Retina display offers crisp detail and vibrant colour, while the durable aluminium design keeps the device thin, portable, and ready for work anywhere. With 8GB unified memory, a fast 256GB SSD, Wi-Fi 6E connectivity, and up to 16 hours of battery life, this MacBook is built to keep up with busy workdays. If you're looking for a reliable Apple laptop for work, study, or travel, buy now and enjoy smooth performance in a sleek portable design.

Across the MacBook lineup, users consistently praise Apple laptops for their build quality, long battery life, and smooth macOS experience. Business professionals, students, freelancers, and remote workers often choose this series for reliable daily performance, excellent display quality, and seamless integration with other Apple devices like iPhone and iPad. Many buyers highlight the quiet operation, strong battery endurance, and premium design as key reasons they continue choosing MacBook models for both work and personal use.

Laptop performance tier:Mid-range ultraportable

Uses:office productivity, business applications, remote work, studying, presentations, web browsing, light creative work, travel computing

Overview:

Apple MacBook Neo 13 Inch Laptop Silver

The Apple MacBook Neo 13 inch laptop is designed for modern work, offering strong everyday performance in a compact and lightweight design. Powered by the Apple A18 Pro chip, this notebook handles tasks like spreadsheets, presentations, website updates and general office work smoothly. It combines efficient processing power with advanced AI capabilities, making it suitable for both professional and personal use.

With its slim aluminium body and light weight of about 1.3 kg, the MacBook Neo is easy to carry between meetings, offices or remote work locations. The durable build and refined design reflect the quality Apple laptops are known for, while maintaining a practical size for daily productivity.

The 13 inch Liquid Retina display delivers sharp visuals with a 2408 x 1506 resolution and up to 500 nits brightness. Text appears crisp and images look vibrant, making it comfortable for long working sessions, content viewing or creative tasks. The display also supports up to one billion colours, providing accurate colour reproduction.

Features:

Apple A18 Pro Chip Performance

ComX Computers

Product Specification Sheet

At the core of the MacBook Neo is the Apple A18 Pro processor with a 6 core CPU made up of two performance cores and four efficiency cores. This setup balances speed and power efficiency, allowing the system to handle everyday workloads while maintaining excellent battery life.

The integrated 5 core GPU supports graphics tasks and smooth visuals, while the 16 core Neural Engine helps accelerate AI based applications and system processes. Together they provide a responsive and fluid user experience.

Lightweight Aluminium Design

The aluminium construction gives the MacBook Neo a premium feel while remaining strong and durable. Its compact dimensions make it ideal for professionals who work on the move or prefer a clean and minimal desk setup.

Key physical details include:

- Slim aluminium notebook design
- Approximate weight of 1.23 kg
- Compact 13 inch form factor
- Silver finish

Liquid Retina Display Clarity

The 13 inch LED backlit display with IPS technology offers excellent clarity for both work and entertainment. High resolution and strong brightness help ensure content remains clear even in brighter environments.

Display highlights:

- 13 inch Liquid Retina display
- 2408 x 1506 native resolution
- 500 nits brightness
- Support for up to one billion colours
- 219 pixels per inch

Battery Life for a Full Workday

The MacBook Neo is designed to last through long work sessions without constant charging. The built in battery supports extended use whether you are working at the office, travelling or attending meetings.

Battery performance includes:

- Up to 16 hours of video playback
- Up to 11 hours of wireless web use
- Built in lithium ion battery

Camera, Audio and Video Calls

Video meetings and calls are clear thanks to the integrated 1080p camera and advanced audio system. The dual microphone array helps focus on your voice while reducing background noise.

Multimedia details:

- 1080p FaceTime HD camera
- Dual microphone array with directional beamforming
- Dual speaker system
- Spatial Audio support for compatible content

Connectivity and Ports

The MacBook Neo includes essential modern connectivity options for accessories, charging and data transfer.

Connection options include:

- 1 x USB C port with USB 3 support up to 10 Gb/s
- 1 x USB C port with USB 2 support up to 480 Mb/s
- DisplayPort support through USB C
- 3.5 mm headphone jack

Wireless connectivity:

ComX Computers

Product Specification Sheet

- Wi Fi 6E support
- Bluetooth connectivity

Memory and Storage

This notebook uses unified memory architecture which allows the processor and graphics to share memory for improved efficiency.

Storage and memory details:

- 8GB unified memory
- 256GB PCIe solid state drive
- No memory slots

Smooth Apple Ecosystem Experience

MacBook Neo works seamlessly with other Apple devices, making it easy to move files, messages and content between devices. Features such as iPhone mirroring and clipboard sharing allow users to copy information from an iPhone and paste it directly onto the Mac.

Compact Mac Laptop for Everyday Productivity

For users who need a reliable Apple laptop for work, study or daily tasks, the MacBook Neo delivers a balance of portability, performance and display quality. The A18 Pro chip, vibrant Retina screen and lightweight design make it a practical choice for modern computing.

Specifications:
