McAfee Internet Security 2015 1PC

Product Overview

McAfee Internet Security 2015 1PC, MIS15UMB1RAA

Specifications

Overview:

McAfee Internet Security 2015, from Intel Security, provides essential award-winning security for your PC. Ideal for families with a Windows PC in need of virus protection and parental controls. At McAfee, we live and breathe digital security, relentlessly working to stay several steps ahead of the latest online threats. Every second of every day we focus on one thing: keeping your digital life safe. Enjoy the benefits of socializing, downloading, and shopping online knowing your PC is shielded from online threats.

Features:

Award-Winning Anti-Virus Protection

McAfee Internet Security leverages the power and threat intelligence of more than 100 Million McAfee customers world-wide to identify, quarantine, and stop the latest threats from harming your PC.

WiFi Protection

Improved! Features our powerful two-way Firewall (NetGuard) to protect against dangerous downloads, and WiFi network intrusion notifications to alert you when unwanted guests are stealing WiFi bandwidth.

Parental Controls and Web Safety Tools

McAfee Internet Security includes Parental Controls and Web Safety Tools to help keep the entire family safe when using the computer.

Award-Winning Anti-Virus Protection

- Stay safe from Trojans, viruses, spyware, rootkits, and more, with state-of-the-art anti-malware protection
- Detects, quarantines, and blocks viruses and malware to prevent damage to your PC
- Keep zero-day threats and botnets at bayâ€"McAfee Active Protection and Global Threat Intelligence technology have you covered

Parental Controls

- Block inappropriate sites and set time limits for Internet use
- Set time limits on Internet usage
- See what your kids have been up to online with a detailed usage report

Privacy and PC Optimization Tools

- Identifies software in need of updating by checking the version on your PC against our database using Vulnerability Scanner
- Deletes unnecessary cookies and temporary internet files that slow down your PC with McAfee QuickClean
- Securely destroy sensitive files, such as tax documents, with McAfee Shredder

Wi-Fi Protection

Two-Way Firewall system monitors and stops traffic in and out of your PC trying to connect to suspicious servers and known Botnets

Additional Features

SiteAdvisor

- Helps you make smarter decisions about what you click, and protects you from malicious downloads

Network Manager

- Monitor your home Wi-Fi network even when you're not home
- Blocks unknown devices from accessing your Wi-Fi
- Prevents others from eavesdropping on your internet usage
- Spam and Dangerous Email Filter
- Keeps dangerous emails out of your inbox, and stops annoying junk mail from cluttering your inbox
