

MK-RB951UI 2ND

MikroTik hAP 2.4GHz desktop Access Point AP with 5x Lan Ports

Product Overview

MikroTik hAP 2.4GHz Desktop Access Point Access Point, The device Can be powered from the Power jack or with passive PoE from a PoE injector, 5x 10/100 Ethernet Ports, 802.11b/g/n Wireless, RB951UI-2ND

Specifications

Overview Summary:

The MikroTik hAP 2.4GHz Desktop Access Point is a compact and reliable solution for home and small office networking in South Africa. Equipped with five 10/100 Ethernet ports and 802.11b/g/n wireless, this device ensures stable and fast connectivity for all your devices. Easy to set up with preconfigured settings, you can simply plug in the internet cable and power, then start enjoying internet access immediately. Its passive PoE capability allows powering other compatible devices, adding flexibility to your network setup. Shop now and enhance your home or office network effortlessly.

Performance tier:Level 4

Uses:Home networking, small office networking, wireless internet access, PoE device support, compact router setup

Overview:

MikroTik hAP 2.4GHz Desktop Access Point for Home and Small Office

The MikroTik hAP 2.4GHz desktop access point is a compact and reliable solution for homes and small offices, offering seamless wireless connectivity alongside multiple wired connections. Designed for ease of use and efficient performance, this device ensures stable internet access for all your essential devices.

Description:

This access point delivers fast 2.4GHz wireless connectivity using 802.11b/g/n standards and includes five Ethernet ports for wired connections. It supports both traditional power adapters and passive PoE, allowing flexible installation. With PoE output on port #5, it can power compatible devices directly, making it ideal for expanding your network without extra power sources. Preconfigured for quick setup, the hAP allows you to connect and start using your network immediately.

Features:

Compact Wireless Solution for Small Spaces

The hAP is perfect for users who need reliable wireless coverage in small homes or offices. Its compact design makes it easy to place anywhere while maintaining a strong and stable connection for all your devices.

Flexible Power Options

Power the hAP using the included power adapter or a passive PoE injector, giving you flexibility in placement. Port #5 supports PoE output, enabling you to power other PoE-capable devices without additional wiring.

Reliable Wired Connectivity

With five 10/100 Ethernet ports, the hAP provides dependable wired connections for computers, printers, or other network devices. This makes it a versatile option for mixed wired and wireless setups.

Easy Setup and Use

The hAP comes preconfigured, so all you need to do is connect your internet cable and power source. Within minutes, your network will be ready to use, making it accessible even for users without technical expertise.

Ideal for Expanding Your Network

Whether you are connecting a few devices at home or setting up a small office network, the MikroTik hAP provides a simple, reliable, and flexible solution to meet your connectivity needs.

Specifications	
Product Code	MK-RB951UI 2ND
Product code	RB951Ui-2nD
10/100 Ethernet ports	5
Antenna gain	1.5
CPU	QCA9531
CPU core count	1
CPU nominal frequency	650 MHz
Dimensions	113 x 89 x 28mm
License level	4
Max Power consumption	5W
Number of USB ports	1
Number of chains	2
Operating System	RouterOS
PoE in	Passive PoE
PoE out	Passive PoE
PoE-out ports	Ether5
Power Jack	1

ComX Computers

Product Specification Sheet

Size of RAM	64 MB
Storage size	16 MB
Storage type	FLASH
Tested ambient temperature	-30 + 70 C
USB Power Reset	Yes
USB slot type	USB type A
Wireless 2.4 GHz chip model	QCA9531
Wireless 2.4 GHz standards	802.11b/g/n
