Samsung ML2165W Mono Laser Printer, 20ppm Print Speed, 150 Sheet Input Tray, 32MB Memory, SPL Printer Language, USB & Wireless Connect, 1200 X 1200dpi Resolution, 300MHz Processor, 2 LED (Toner, Status) Display.

Specifications

Overview:

The Samsung ML-2165W printer makes instant mobile printing possible with ease and simplicity. There's no need to switch on a PC or transfer files - with seamless wireless connectivity, you can print straight from your mobile device. The Samsung ML-2165W combines performance with versatility, so it's perfect for your professional needs. Its compact size and easy print management make the ML-2165W a convenient and affordable mobile print solution.

Features:

Easy Mobile Print

Make the most of your mobile devices and print wirelessly in easy 3 steps. Install, select, and then print.

Discover the power of easy mobile printing

Release the full productivity of your mobile devices with MobilePrint, available for both Android and iOS users. Don't waste

time switching devices or transferring files when you can print directly from the source. This application immediately connects your printer to a wide range of smartphones, mobile tablets and more. You can work smarter and faster by harnessing the power of advanced Samsung connectivity. - all within easy 3 steps, Install & Select & Print.

Make better mobile connections with Wi-Fi Direct.

Experience streamlined wireless connectivity with Samsung Wi-Fi Direct devices. There's no need for a central access point with the latest Samsung technology - devices with Wi-Fi Direct functionality can all connect to each other directly and communicate quickly. These advanced connections are made remotely, with no complicated and time-consuming setup processes needed - just click and connect. Enjoy the latest in smart connectivity from Samsung and revolutionise your wireless communications.

Setup is a cinch with our secure, one-touch wireless connection.

The ML-2165W's One Touch Wi-Fi Setting lets you connect quickly and easily. Simply select the WPS (WiFi Protected Set-up) button on the access point (router), press the WPS button on the printer and you're done. Normally, you would have to spend time creating a wireless network name and manually entering a security key or password on all the wireless devices. But the ultra-convenient One Touch Wi-Fi Setting automatically configures - and protects - your wireless network for you.

Compact Design

Discover space-saving printing that is attractive as well as practical. Our compact, stylish design helps you keep your workplace uncluttered.

Improve efficiency with compact design

With the growing demand for more space efficient office equipment, the Samsung ML-2165W Laser Printer is a perfect choice. The compact 332 x 215 x 178mm sized printer that delivers the standard in premium printing. Small to medium businesses and home offices will find this printer ideal. And because it is so compact in design, it adds to its portability. So, save space and hassle with the Samsung ML-2165W Laser Printer and its contemporary compact design.

Protect you printing with a Dust Free design

Protect your printer and your print-outs with a reliable dust-free design. The innovative design features a dust free cover. By preventing dust contamination it not only ensures that the paper is dust free before printing but also keeps the internal mechanics free from harm. This intelligent design helps prolong the life of the printer while also ensuring reliable and professional prints.

Easy Management

Manage your printer conveniently with Samsung's easy software. All of your printer needs are all managed via simple software.

Simple and efficient printer management made easy

Discover simplified print management with Easy Printer Manager. This integrated EPM software allows you to quickly set up your device and monitor status using only simple-to-use software. Never worry about unexpectedly running out of toner again, as toner ordering, device discovery, application linking and other functions are all easily accessible with our Easy Printer Manager.

Optimise your printing with Easy Eco Driver

Enjoy cost-optimised results every time you print thanks to Samsung's Easy-Eco Driver. With this useful software, you'll be able to accurately preview your document before printing and adjust quality, colour and other settings to meet your precise requirements and budget, as well as removing unnecessary text, images and other elements. You can even monitor savings, including paper, toner, energy and overall cost. Say goodbye to wasted printouts and discover more economically-efficient printing.

Powerful Performance

Enjoy high performance printing that you can depend on, with a fast print rate of 20ppm and high resolution 1200 x 1200dpi

output.

Achieve more with Samsung's Fast Print

Don't settle for slow printing. With Samsung's faster printing speed of 20 pages per minute, you can minimise time wasted hanging around the printer. The enhanced printer performance will streamline workflows and let employees, and businesses, reach their full potential.

Give your print-outs standout detail

If you need to make an impression, nothing shows professionalism like the stunning 1200 x 1200dpi clarity produced by the Samsung ML-2165W Laser Printer. High resolution printing of this caliber ensures that important print-outs, like work presentations and reports, are sharp and impressive. So, give your operation every chance of making a good impression with high resolution printing.
