print when you print double-sided and 2-UP by quickly switching to Eco mode. There's no need to waste lots of time changing settings or altering your documents with this useful feature, as one touch is all you need to configure your printer to deliver economical results.

Use half the paper with Duplex printing

Double-sided printing capabilities ensure that your paper supplies last longer compared to single sided printing.

Minimal hassle printing

Free your workday from lots of time-consuming and stress-causing printer stops. This Samsung printer offers technology that minimises jams by utilizing a roller with unique backward friction action used during the paper pickup process. Common problems that often add to stress, such as mis-feeding and multiple paper feeding from the cassette tray, are minimised. Samsung's technology helps let your printing operation continue hassle-free, and reliably.

Help protect office documents

Nobody wants important documents to end up in the wrong hands, especially when work printers are shared among many users. You now have a PIN to help prevent your documents from being printed until you enter the number. This is a simple and effective way to retain a degree of control over the circulation of important documents, while also minimising unnecessary printing.

Work fast with High-Speed printing performance

Print documents quickly with Samsung's 533MHz processor printing technology and optimised PCL. Great for printing graphics at high resolution with little fuss. This fast printing speed might also help boost office productivity and enhance workflows.

Gigabit connectivity can help increase productivity

This outstanding connectivity will help ensure that large print jobs sent from multiple users can be completed quickly, without any compromise in quality. When important work documents, like big presentations, need to be outstanding and delivered with minimal delay, the Gigabit network will help keep everybody happy.

Handle lots of paper requirements with the available sizes, types, and weights.

From everyday documents to important presentations, you always need to give your print jobs the right paper. The Samsung ML-3750ND provides the ability to use specialty paper, thick stock, envelopes, cards and more.
