

MNASVA279HG

Asus VA279HG 27" IPS Full HD 1920x1080 Eye Care Gaming Monitor, HDMI, VGA

Product Overview

Asus VA279HG 27" IPS Full HD 1920x1080 Eye Care Gaming Monitor, 16:9 Aspect Ratio, 178 degree viewing angle, 99% Colour Space (sRGB), 300nits brightness (typical), 1500:1 contrast ratio (typical), 16.7M Display colours, 1ms MPRT response time, 120Hz Refresh Rate (Max), VRR Technology, 1x HDMI V1.4, 1x VGA, Earphone jack, Tilt, 100x100mm VESA Wall Mounting

Specifications

Overview Summary:

The ASUS VA279HG 27-inch IPS monitor delivers a balanced experience for both productivity and entertainment. With Full HD resolution, a smooth 120Hz refresh rate, and 1ms response time, it ensures fluid visuals whether you're working, streaming, or enjoying casual gaming. The IPS panel provides consistent colour accuracy with wide viewing angles, making it suitable for shared viewing or multitasking setups.

Designed with comfort in mind, this monitor includes Eye Care technology with low blue light and flicker-free performance to reduce strain during extended use. Its frameless design and VESA mount compatibility make it easy to integrate into modern workspaces. If you're looking for a reliable, versatile display, this is a solid option-buy now and upgrade your setup, or shop now for a smoother everyday experience.

Performance tier:Mid-range

Uses:office work, casual gaming, content streaming, multitasking, home computing

Overview:

ASUS VA279HG 27 Inch Full HD IPS Gaming Monitor

The ASUS VA279HG is a 27 inch Full HD display engineered for smooth everyday performance and casual gaming. Built around an IPS panel, it delivers consistent colour accuracy and wide 178 degree viewing angles, making it suitable for both productivity and entertainment setups. With a 120Hz refresh rate and 1ms MPRT response time, motion appears fluid and responsive, reducing blur and screen tearing during fast-paced scenes.

Description:

The ASUS VA279HG (Part Number: MNAS90LM04J1-B02371) combines visual clarity with smooth performance for work and play. Its 27 inch IPS panel ensures vibrant colour reproduction with 99 percent sRGB coverage, while Adaptive-Sync and 120Hz refresh rate enhance motion handling for gaming and video. Eye Care technologies help reduce fatigue during long sessions, and versatile connectivity options make it easy to integrate into modern or legacy setups. The slim, frameless design also contributes to a cleaner, more immersive workspace.

Features:

Smooth Visual Performance for Daily Use

This monitor is designed to deliver noticeably smoother visuals compared to standard 60Hz displays. The 120Hz refresh rate

ComX Computers

Product Specification Sheet

allows content to update twice as fast, improving scrolling, video playback, and light gaming. Combined with Adaptive-Sync technology, it minimizes tearing and stuttering for a more consistent viewing experience.

Typical use cases where this improvement is noticeable include:

- Web browsing and long document scrolling
- Streaming video content with fewer motion artifacts
- Casual gaming with smoother frame transitions

Wide Viewing Angles with IPS Clarity

The IPS panel ensures stable image quality from almost any angle. Whether viewed from the side or shared across a desk, colours remain accurate and brightness levels consistent. This makes it suitable for collaborative environments or multi-monitor setups.

Key display attributes:

- 27 inch panel size with Full HD resolution 1920 x 1080
- 99 percent sRGB colour coverage for accurate visuals
- 300 nits typical brightness for clear indoor viewing
- 1500:1 contrast ratio for improved depth and detail

Designed for Eye Comfort

Extended screen time is addressed with integrated Eye Care technologies. Flicker-free backlighting and low blue light filtering reduce visual strain, helping maintain comfort during long working hours or extended entertainment sessions.

Comfort-focused technologies include:

- Flicker-free display to reduce eye fatigue
- Adjustable low blue light levels for reduced strain
- TÜV Rheinland certification for visual comfort standards

Practical Connectivity and Setup

The ASUS VA279HG supports both modern and legacy devices, making it versatile across different environments. HDMI and VGA inputs allow simultaneous connections, while the earphone jack provides convenient audio output.

Connectivity options:

- 1 x HDMI 1.4
- 1 x VGA
- 1 x earphone jack

Its VESA mount compatibility allows flexible installation, including wall mounting or pairing with compact PC setups to save desk space.

Clean Design with Workspace Efficiency

A frameless design enhances immersion while reducing visual distractions. The monitor also includes practical touches that support a tidy setup, such as space-saving mounting options and an ergonomic tilt adjustment.

Physical and ergonomic highlights:

- Tilt adjustment from +23 degrees to -5 degrees
- 100 x 100 mm VESA wall mount support
- Slim profile suitable for minimalist setups

Core Technical Details

For users who need a quick reference, the most relevant specifications are outlined below:

ComX Computers

Product Specification Sheet

- Model: VA279HG
- Part Number / SKU: MNAS90LM04J1-B02371
- Panel type: IPS with LED backlight
- Resolution: 1920 x 1080
- Refresh rate: Up to 120Hz
- Response time: 1ms MPRT
- Viewing angle: 178 degrees horizontal and vertical
- Colour support: 16.7 million colours
- Adaptive-Sync support: Yes
- Power consumption: Under 15W typical

Software Control with DisplayWidget Center

ASUS DisplayWidget Center simplifies monitor adjustments through an intuitive software interface. Instead of using physical buttons, users can fine-tune settings such as brightness, contrast, and blue light levels directly from their desktop.

Sustainable Design Approach

The VA279HG is developed with environmental considerations, including reduced packaging impact and improved material efficiency. The packaging itself can be repurposed for small storage solutions, adding functional value beyond shipping.
