MNDEP170S

Dell E1910 E-Series 19" Black Widescreen LCD Monitor

Specifications

Overview:

The energy efficient E1910 19-inch Widescreen Flat Panel Monitor from Dell delivers a great front-of-screen performance for your day-to-day business applications. Its screen resolution of up to 1440x900 pixels lets you enjoy excellent clarity and picture quality. Moreover, with 1000:1 (typical) contrast ratio for crisp images, as well as 83% color gamut for vivid color display and accuracy, this monitor makes just right complement to your office environment.

Dell E1910 monitor is designed to deliver energy savings to your business by utilizing an efficient two CCFL backlight system and need not to say this monitor is ENERGY STAR 5.0 and EPEAT Gold qualified. Designed to fit comfortably on most office desks, the slim bezel of the E1910 monitor is a wonderful space-saver that can free up valuable desk space for an enhanced working experience. Coupled with wall mounting capabilities (wall-mounting equipment sold separately), tilt adjustability and a cable management feature, this incredibly versatile monitor delivers the flexibility and convenience that makes life much easier. Dell branded monitors undergo exhaustive testing for performance, reliability, durability and compatibility with Dell systems.

Features:

- Screen resolution of up to 1440x900 pixels delivers spacious screen real estate for efficient productivity.
- 1000:1 (typical) contrast ratio renders crisp image contrast and definition.
- Fast response time of up to 5 ms (typical) helps reduce smearing and ghosting.
- DVI-D with HDCP connectivity delivers high digital quality image and excellent color uniformity.
- Offers horizontal and vertical viewing angle of 160 degrees and brightness of up to 300 cd/m2.
