- Sleek raven black design suitable for home or office environments

Overview:

Lenovo ThinkVision S24-4e 23.8-Inch Monitor

The Lenovo ThinkVision S24-4e delivers crisp visuals and smooth performance for both professional work and casual use. Its 23.8-inch Full HD IPS display provides wide viewing angles and vibrant colors, making it an ideal choice for productivity, multimedia, and entertainment.

Description:

This monitor combines high refresh rates, fast response times, and accurate color reproduction for a seamless viewing experience. With 99% sRGB coverage, 1300:1 contrast ratio, and TÜV-certified eye protection, it reduces eye strain while offering sharp and detailed visuals. VESA mount compatibility and multiple connectivity options, including HDMI and VGA, make it flexible for any workspace setup.

Features:

Display and Visual Performance

Enjoy sharp, immersive visuals with the 23.8-inch Full HD IPS panel. The anti-glare coating ensures minimal reflections, while the wide 178-degree horizontal and vertical viewing angles maintain color accuracy from any position. With 16.7 million colors and 8-bit color depth, every image is vibrant and true to life.

Smooth Motion and Fast Response

The Lenovo ThinkVision S24-4e features an ultra-fast 4ms gray-to-gray response time and up to 100Hz refresh rate. This combination ensures smooth transitions, reduced motion blur, and responsive visuals for both work and entertainment.

Eye Comfort and Safety

Engineered for extended use, the monitor includes TÜV Rheinland Flicker-Free technology and Low Blue Light hardware solution. These technologies help reduce eye fatigue during long hours at the screen, making it ideal for office tasks, creative work, and casual browsing.

Connectivity and Installation Options

This monitor comes equipped with HDMI 1.4 and VGA ports, supporting multiple devices and setups. It is also VESA mount compatible (100x100 mm), allowing flexible positioning in any workspace. Tilt adjustments further enhance ergonomic comfort.

Color Accuracy and Contrast

Achieve precise visuals with 99% sRGB color gamut coverage and a 1300:1 contrast ratio. Colors remain vivid and details clear, whether you are working on spreadsheets, editing photos, or watching videos.

Performance Summary

- 23.8-inch Full HD IPS display with anti-glare
- 4ms gray-to-gray response time and 100Hz refresh rate
- 99% sRGB color coverage and 1300:1 contrast ratio
- TÜV Rheinland Flicker-Free and Low Blue Light technology
- HDMI 1.4 and VGA connectivity
- VESA mount support (100x100 mm) and tilt adjustment

The Lenovo ThinkVision S24-4e is designed for professionals and home users who want reliable performance, eye-friendly technology, and versatile connectivity in a sleek, modern monitor.

FAQ

Does the Lenovo ThinkVision S24-4e support VESA mounting?

Yes, this monitor supports VESA 100 x 100 mm mounting for flexible installation on walls or monitor arms.

Is this monitor suitable for gaming?

The 100Hz refresh rate and 4ms gray-to-gray response time make it suitable for light gaming, but it is mainly designed for office work and professional use.

Does it reduce eye strain during long use?

Yes, the monitor features TUV Rheinland Flicker-Free technology and Low Blue Light hardware to reduce eye fatigue during extended periods at the screen.

What connectivity options does it offer?

It includes 1 x HDMI 1.4 and 1 x VGA ports, allowing connection to multiple devices including laptops and desktops.
