Verbatim 8GB Store 'N' Go Audio USB Drive

Product Overview

Verbatim 8GB Store 'N' Go Audio USB Drive, designed for your car radio or similar devices, Can be left in the USB port semi-permanently, 10MB/Sec Read Speed, 3MB/Sec Write Speed.

Specifications

Overview:

The majority of music nowadays is mainly stored and played using MP3 files. With car radios increasingly supporting USB ports, Verbatim has developed a USB drive that can fit perfectly into a car radio USB slot, making it the ideal way to store and listen to all your favourite MP3 music while motoring. No bigger than a Euro coin, the innovative USB drive is barely noticeable once inserted into a USB port and can store up to 2000 audio tracks - more than enough for any road trip.

In being only 17.15mm long x 14.85mm wide x 7.7mm deep, when inserted into the USB port only 5mm of the Verbatim Store 'n' Go Audio USB is left protruding, meaning that it can be kept in the car radio on a semi-permanent basis and used as a long-term storage extension. And as with any standard USB drive, Verbatim's Audio USB can also be used in any computer or gadget with a USB 2.0 port - anything from netbooks, table PCs, digital picture frames to desktop PCs.

Features:

- USB Drive designed for your car radio or similar devices.
- Can be left in the USB port semi-permanently.
- Free Technical Hotline Support.

Specifications:

Brand	Verbatim
