Overview:

Scoop Multi-Plug 10-Way Power Extension

Scoop's MP-10WIEC multi-plug is a versatile and durable power extension solution designed to accommodate a range of electrical devices. With a combination of high-capacity and standard sockets, it ensures safe and convenient power distribution for home, office, or workshop environments.

This multi-plug includes five 16A 3-pin sockets, four 5A 2-pin sockets, and one 5A 2-pin round socket. The 0.5m cord with a moulded IEC plug is compact yet practical, while built-in overload protection helps safeguard your devices from electrical faults. Ideal for powering multiple devices simultaneously, this multi-plug blends functionality with safety.

Features:

Compact Design for Easy Placement

The Scoop multi-plug is built with a compact black body that fits neatly on desks, workstations, or near electronic setups. Its half-metre cord provides flexibility without creating clutter, making it easy to position near your devices.

Variety of Socket Options

With 10 sockets in total, this multi-plug accommodates different types of plugs:

- 5 high-power 16A 3-pin sockets for heavy-duty appliances
- 4 standard 5A 2-pin sockets for everyday electronics
- 1 5A 2-pin round socket for specialized devices

Safe and Reliable Power Distribution

Overload protection is built into the multi-plug to prevent electrical hazards and ensure your connected devices remain secure. This safety feature makes it a dependable choice for both home and office use.

Durable Construction

Made from quality materials, the Scoop MP-10WIEC is designed to withstand regular usage. Its robust build ensures long-lasting performance while maintaining a sleek and professional appearance.

Easy to Use

The moulded IEC plug ensures a secure connection, and the organized layout of sockets allows for easy access and efficient power management.

Ideal Applications

Perfect for home offices, workshops, or entertainment setups, this 10-way multi-plug handles multiple devices safely and efficiently, reducing the need for multiple power outlets.
