Specifications

Overview:

Bringing stunning RGB colour to the DRACONEM family, our DRACONEM RGB lights up your gaming environment and gets you into competitive sync for the challenges that lie ahead on the battlefield. With a gorgeous spectrum of visual effects and lighting profiles, the DRACONEM RGB implements a specially optimized hard surface that unlocks refined accuracy and supreme precision aim. Through easy to access hardware controls you can adjust lighting effects without hassle - and get the style you're looking for in a matter of seconds. Arm yourself for battle and let the DRACONEM RGB add a splash of personalised colour to your gaming setup.

Features:

SPECIALLY OPTIMIZED SURFACE

The DRACONEM RGB is built with a special optimized hard surface that allows for superior mouse tracking and movement that gamers crave and need. Giving you superb accuracy for those crucial moments of gameplay.

EASY CONTROL

With two dedicated control buttons, you can easily change lighting effects or adjust brightness levels of the DRACONEM RGB on-the-fly without having to rely on the use of software.

STUNNING VISUAL 16.8M ILLUMINATION

The DRACONEM RGB comes packed with 4 striking visual illumination effects (Static, Pulse, Wave & Spectrum Running) and 5 brightness levels to suit your preference. Engineered using the highest quality of components, the DRACONEM RGB provides purer, more accurate colour illumination. Personalise and colour your mousepad the way you want.

NON-SLIP RUBBER BASE

A custom made non-slip rubber base ensures the DRACONEM RGB mouse pad stays put even during the most intense of gaming battles. Remain secure, sturdy and in control as you game without missing a beat. Get ready to game with confidence with zero lift-off or accidental mouse slippage.
