PSS 6KVA MPII True Online Double Conversion UPS

Product Overview

PSS 6KVA MPII True Online Double Conversion UPS, 230V single phase, Two directions LCD display, On-line double conversion, Output power factor 0.9, Extended runtime with up to four extended battery modules, Emergency shutdown through remote emergency power-off (EPO) port, Three segment charging mode to increase battery service life and optimize recharge time, Input neutral and live wires reverse detection, Economic operation mode (ECO), Wide input voltage range, Self-testing on UPS start-up, Cold Start (DC), Output voltage can be set, Full digital control (DSP)

Specifications

Overview:

INTRODUCTION
Sleek in design, these true on-line UPS's provide the best protection for your expensive server room equipment. The double conversion technology makes this unit an excellent stabilizer for power. Pure sine wave is always provided, whether on the mains or battery. Designed for the server room environment, you will have to look far to find a better unit.

APPLICATION
PC's, Workstations, Network Centres, SOHO, Servers, Industry Equipment, Medical Equipment or Other Critical Systems

Features:

- Rack-tower convertible
- Two directions LCD display
- On-line double conversion
- Output power factor: 0.9
- Extended runtime with up to four extended battery modules
- Optimized battery configuration: 16/18/20
- Emergency shutdown through remote emergency power-off (EPO) port
- Three segment charging mode to increase battery service life and optimize recharge time
- Diverse options of accessories, intelligent management
- Intelligent slot - optional SNMP/dry contact adapter
- Input neutral and live wires reverse detection
- Economic operation mode (ECO)

- Wide input voltage range
- Self-testing on UPS start-up
- Cold Start (DC)
- Output voltage can be set
- Full digital control (DSP)
