Acer X1128i 4500LM 800 x 600 SVGA 20000:1 Data Projector

Product Overview

Acer X1128i Data Projector 4500 ANSI Lumens DLP SVGA 3D. The Acer X1128i is a powerful data projector delivering 4500 ANSI lumens brightness and SVGA resolution. It is ideal for classrooms, offices, and conference rooms, providing clear and vivid visuals. Its 3D-ready support and versatile connectivity make it a flexible choice for presentations and multimedia content. Lightweight and portable, the X1128i combines performance and convenience, ensuring reliable use for professional and educational applications.

Specifications

Overview Summary

Product Title:Acer X1128i Data Projector

The Acer X1128i is a high-performance data projector delivering crisp visuals with 4500 ANSI lumens brightness. Featuring DLP technology and SVGA resolution, it ensures vibrant images even in well-lit environments. This projector is ideal for classrooms, offices, and conference rooms, providing reliable performance for presentations, training, and multimedia content.

Equipped with 3D-ready support, the X1128i enhances viewing experiences for immersive content. Its compact design, efficient lamp life, and versatile connectivity make it a perfect choice for both professional and educational settings.

Performance tier:High

Uses:Business presentations, Classroom teaching, Training sessions, Multimedia display, Conference meetings

Overview

Acer Essential series projectors are best value projectors ideal for everyday use, at work or home. Make your presentations more compelling and entertainment more exciting with high brightness, high contrast and DLP(R) 3D Ready2, while adhering to your bottom line.

Description

The Acer X1128i is engineered to provide a high-quality visual experience in professional and educational environments. Its DLP technology and SVGA resolution deliver clear, sharp images with accurate colors, while 4500 ANSI lumens brightness ensures visibility even under bright lighting. With 3D-ready support, users can enjoy immersive content alongside traditional presentation materials.

Designed for convenience, the X1128i is lightweight and portable, making it easy to move between meeting rooms or classrooms. Multiple connectivity options allow seamless integration with laptops, desktops, and media devices, providing flexibility for various presentation scenarios. Its energy-efficient lamp extends the life of the projector, reducing operational costs and maintenance needs.

Features

4,800 Lumens Brightness

See crystal-clear, vibrant images from a distance in daylight or medium to large rooms with up to 4,800 lumens of brightness.

ComX Computers

Product Specification Sheet

SVGA Resolution

With 800x600 SVGA resolution, project in confidence with sharp, detailed images and video than you have come to expect from standard projectors.

Wireless Projection

Break free from the clutter of wires with easy wireless projection options and wireless dongle design.-

Acer LumiSense

Acer LumiSense™ adjusts the image brightness and color saturation based on the content you're viewing.

Acer ColorSafe II

Enjoy consistent, natural colors with ColorSafe II technology, which controls the dynamic RGB levels to prevent color decay.

HDMI 3D Display

Flat is out, 3D is in. Images on the screen seem to jump into your living room with HDMI 3D display support.

24/7 Operation

This projector handles continuous day in, day out use - ideal for public displays and exhibitions.

Acer BlueLightShield

Protect your eyes from unnecessary strain by utilizing Acer BlueLightShield™ technology.

Football Mode

Gather your friends and share in the glory of your favorite sport on an immense screen. Football mode enhances the colors to clearly show all the action.

What's in the Box
