Msi Interceptor DS100 Gaming Mouse

Product Overview

Msi Interceptor DS100 Gaming Mouse

Specifications

Overview:

MSI DS100 GAMING Mouse is equipped with professional-grade laser sensor offers lightning fast 6,600 fps image processing capability for superior control and precise mouse movement. With the advanced ergonomic design and high-tech non-slip coating, DS100 GAMING mouse maximizes wrist comfort while hours gaming and helps prevent the pain or ease repetitive motion or strain. The connector is 18K gold plated and uses military-grade close-woven wiring. This drastically increases the durability and lifetime of the keys and ensures there is no signal corruption thus improving latencies leading to faster controls. Also, it comes with dedicated software that records macro keys and a variety of hot keys both of which allow you to perform in-game tasks at lightning speed.

Features:

Ergonomic Design
The advanced design of DS100 GAMING Mouse maximizes wrist comfort while hours gaming
DS100 GAMING Mouse helps prevent the pain or ease repetitive motion or strain.
