Specifications

Overview summary:

The Genius SW-G2.1 3000 Speaker system delivers immersive sound with a booming 6.5-inch subwoofer and two powerful satellite speakers, offering 70 watts of total output. Whether you're gaming, watching movies, or listening to music, this 2.1-channel speaker setup provides heart-pounding bass and crisp audio across a wide frequency range.

Its dedicated control box features volume and bass adjustments, along with headphone and microphone jacks for online gaming and private listening. With multiple input options, the SW-G2.1 3000 connects easily to your PC, console, TV, or music player, making it a versatile sound solution for any entertainment setup.

Speaker tier: Performance-grade 2.1 multimedia

Uses: Gaming audio, movies, music, home entertainment, online voice chat

Overview:

Experience powerful bass and immersive sound with the Genius SW-G2.1 3000 gaming speakers.

Perfect for music lovers and gamers, these speakers deliver deep, thundering bass and clear mids and highs. The curvaceous satellite speakers feature 3-inch metal cones for rich, detailed sound, while the wooden subwoofer houses a powerful 6.5-inch driver and reflex port to produce heart-pounding bass down to 35Hz. Whether you're gaming, watching movies, or listening to music, the SW-G2.1 3000 brings every moment to life.

Optimized for gamers and home entertainment setups.

The easy-to-use control box lets you adjust volume and bass levels independently, and includes a 3.5mm mic jack for voice chat during online gameplay. Multiple input options include a 3.5mm jack for PCs and MP3 players, and two RCA inputs for game consoles, TVs, and DVD players. A built-in headphone jack offers private listening anytime. Designed for true gaming enthusiasts, the SW-G2.1 3000 delivers powerful, customizable audio in any setup—just plug in and get immersed.
