Apple USB-C to MagSafe 3 cable (2m) - Silver

Product Overview

Apple USB-C to MagSafe 3 cable (2m) - Silver, Model A2363

Specifications

Overview:

This 2-metre charge cable features a magnetic MagSafe 3 connector that helps guide the plug to the charging port of your Mac notebook. Pair it with a compatible USB-C power adapter to conveniently charge your notebook from a power point and take advantage of fast-charging capabilities. The magnetic connection is strong enough to resist most unintended disconnects, but if someone trips on the cable, it releases so your Mac notebook stays put. An LED turns amber when the battery is charging and green when it's fully charged. Made with a woven design for long-lasting durability.

*USB-C Power Adapter sold separately.
