Specifications

Overview:

The Motorola XOOM 2 features Android 3.2, a dual-core 1.2 GHz processor, brilliant display with Corning Gorilla Glass and a splashguard coating for a go anywhere, do everything attitude. In addition, the tablet includes the new MotoCast app that lets you stream all your music, photos, videos and documents between your PC or Mac and tablet without any media tools, apps, or cords. Motorola XOOM 2 Wi-Fi features a 10.1-inch widescreen HD display and runs Android 3.2 Honeycomb. The display is bright and vibrant with colour enhancement, and the edges have been strategically designed to make the tablet more comfortable to hold -- this tablet is easy on the eyes, and easy on the hands. It is compatible with the optional Motorola Stylus that is great for note-taking, hand-writing emails and sketching. Motorola XOOM 2 is loaded with Business Ready features like VPN support and data encryption.
