N2800

Thecus N2800 2 bay NAS Desktop

Product Overview

Thecus N2800 2 Bay Desktop NAS Intel Atom Processor (2.13GHz, Dual-Core) 2GB DDR3 RJ-45x2: 10/ 100/ 1000 BASE-TX Auto MDI/ MDI-X WOL supported USB 2.0 host port x2 (back x2) USB 3.0 host port x1 (front x1)

Specifications

Overview:

- Intel® Atom? Processor (2.13GHz, Dual-Core)
- HDMI Output
- Incredible Transfer Speed
- Flexible Storage Options
- iSCSI Thin Provisioning Support
- Rock-Solid Security

Features:

Data guard
Data guard backup solution is the ultimate software as it provides both local and remote parts. Currently, data is backed up across raid volumes, external usb drives, and esata. In addition, data guard uses innovative technology to sync data across the network to other nas and servers. More importantly, thecus data guard is the total backup solution which makes managing nas user-friendly and convenient.

Data burn
Nas data can now be burned directly to cd, dvd, and blu-ray discs with data burn, this hassle-free module makes burning data to a disk effortless. In addition, burning iso image file is also supported. Whether you're managing audio, media or essential files; data burn copies information fast while significantly reducing waiting time. The process of burning file to disk is now easy and smooth with data burn module.

Antivirus
Thecus' innovative hardware helps prevent failures. But sometimes you have to protect the nas against itself. Adding an antivirus to the already comprehensive software bundle will provide the necessary software protection by scanning the files on your nas and defending it against possible threats. Mcafee is the world's largest dedicated security technology company and shares thecus' spirit of dedication and quality. By establishing a strong partnership with them, thecus will allow users the

benefit of mcafee's powerful software on their nas entirely for free.

Cloud backup
The private and public clouds meet with thecus' new dropbox, amazon s3 and elephantdrive cloud backup functionality! Guard your data with raid at home and an additional level of protection in the cloud. Just drag and drop files into the folder on your nas and access them on any computer or mobile device with dropbox, amazon s3 or elephantdrive.

Hdmi output
Make your nas into the ultimate multimedia hub! The n2800's hdmi output allows you to connect your nas directly to your tv for device management, web browsing with flash support, and even hd video playback. Don't force yourself to watch movies on that tiny little computer screen anymore, take it to the living room!
Sd/sdhc/mmc card reader
Simplify your access to digital cameras, smart phones, electronic dictionaries, and much more. The n2800 supports sd/sdhc/mmc card readers for easy access to multimedia data.

Usb 3.0 connectivity
The next generation of connectivity is here with speeds 10x faster than usb 2.0. Whether connecting digital cameras and smart phones, backing up large external hard drives, or extending the capacity of your nas, usb 3.0 will make sure it's done in no time at up to 5 gbit/s. Backwards compatibility adds the connectivity of a world full of usb 2.0 and usb 1.1 devices to get the best combination of speed and universal access.

Acronis true image
Thecus brings the best to the table with acronis's advanced backup software. Back up all your data with one-click protection or pick and choose only your most important files. Acronis sports a slick interface, user-friendly design, and comprehensive features to keep your data safe.

Multiple file systems
Support for multiple file systems including ext3, ext4, and xfs, gives thecus nas flexibility to handle many different types of environments.

Iscsi thin-provisioning
Get the most out of your storage space with the extreme speed of iscsi and the efficiency of iscsi thin provisioning. Connect through iscsi for the fastest data transfer speeds available and make wasted disk space a thing of the past with thin provisioning's flexible storage functionality.

Ios/android connectivity
In the modern world, nothing is as important as reaching your data from anywhere. With t-onthego and the t- dashboard, you can manage your nas, and upload to and download/stream from your nas using an ios or android device on the go.

Rsync
Backing up your data is very necessary, and everyone has specific needs when it comes to storage. Thecus's rsync functionality gives users great flexibility with remote backup capability, a flexible scheduler, and the stability of linux-based transfer.

User quotas
Divide the massive storage of a thecus nas among multiple users. Whether there are two users or 100, user quotas make it easy to divvy up and manage disk space.

Specifications	
Product Code	N2800
Processor	Intel Atom Processor (2.13GHz, Dual-Core)
System Memory	2GB DDR3
LAN Interface	RJ-45x2: 10 / 100 / 1000 BASE-TX Auto MDI / MDI-X
	WOL supported
USB Interface	USB 2.0 host port x2 (back x2)
	USB 3.0 host port x1 (front x1)
SATA DOM	1GB
HDMI Output	HDMI port (back x1)
VGA Output	VGA port (back x1)
Disk Interface	2 x SATA for internal
	1 x eSATA for external
Power Supply	External power adapter
PCI-e x1 Slot	1 (1 lane)
Thermal / Fan control	Thermal sensor on processor temperature
	System FAN speed controlled by temperature
System Clock	Battery-backed up system clock
Power Management	Auto power on after shutdown due to power loss
Card Reader	Support SD / SDHC / MMC
Buzzer	Adjustable frequency alarm
Buttons	Power button
	USB copy button
Environment	Temperature: 5 degreesC to 40 degreesC
	Humidity: 0 ~ 80 % R.H. (Non-condensing)
Chassis	Tower Metal Chassis
Dimensions (HxWxD)	163.8 x 115.4 x 217.6 (mm)
Weight (Kgs) / (lb)	4 / 8.81
Certificates	CE / FCC / C-Tick / VCCI / BSMI
	RoHS
	WEEE
	VMware, Citrix
RAID	
RAID Modes	RAID 0, 1 and JBOD

Auto-rebuild	Supported
Hot-swap	Supported
RAID Volume Encryption	AES256bit
Disk	
Power Management	Available spin-down on idle setting
Bad Block Scanning	Supported
SMART Info	Supported
SMART Test	Supported
Disk Roaming	Supports volume-based roaming to other Thecus NAS
Network	
Configuration	Fixed IP address, dynamic IP address
Transport Protocols	TCP / IP / AppleTalk
File Protocols	SMB / CIFS, HTTP / HTTPS, FTP, NFS v4, AFP
Link Aggregation	Load balance, Failover, 802.3ad, Balance-XOR, Balance-TLB, Balance-ALB
TCP / IP	IPV6 & IPV4
DDNS	Supported
SSH	Supported
UPnP	Supported
UPnP Port forwarding	Supported
System status	
System Monitor	Monitoring CPU, memory, temperature, fan, network utilization and protocols access user count
Syslog Management	Send syslog to assigned location
	Act as syslog server to receive log info from other systems
Data Access	
Client OS Support	Windows 8 / 7 / Vista / 2003 / XP / 2000
	UNIX / Linux
	Mac OS X
FTP	Built-in FTP server with bandwidth control
Secure FTP	Built-in secure FTP server with bandwidth control
TFTP	Users can download and upload files with TFTP programs
Download Manager	BT download (via Transmission module)
	NZB download (via NZB module)
Printer Server (IPP)	Supports USB printers
	Supports a wide range of IPP printers
	Client can manage print tasks (list / delete) via web user interface
Data Backup	

Client Incremental Data Backup	Acronis True Image (OEM version)
Client System Disaster Recovery	Acronis True Image (OEM version)
Client Side Backup Software	Thecus Backup Utility (Windows / Mac OS X)
Data Burn	Create files to ISO image and burn to optical disc
	Create files to ISO image
	Read ISO image from optical disc and write to NAS
Mac OS X Time Machine	Supported
Data Guard	Remote Backup / Local Backup
Block Level Access	
iSCSI Target / Initiator	Supports Microsoft / Mac OS X / Linux initiators and Thecus NAS targets
iSCSI Thin Provisioning	Supported
MPIO	Supported
MCS	Supported
Clustering	Supported
SCSI3 Persistent Group Reservation	Supported
Power Management	
Scheduled Power On / Off	Supported
Volume Management	
Multiple File System Selectable	EXT3 / EXT4 / XFS
Multimedia Support	
iTunes Server	Supports AAC, MP3 w / ID3 tag and WAV
Piczza! Photo Server (via module)	Supports GIF, JPG (JPEG), BMP and PNG
	Supports EXIF display
	Supports slide shows
Media Server	Supports uPnP AV streaming protocol
User Authentication	
Local User	Supports built-in user accounts
Local Group	Supports built-in user groups
Windows ADS	Supported
LDAP	Supported
Access Guard	Supports Black & White list / IP Filter
Cloud Backup	
DropBox	Supported (via module)
ElephantDriver	Supported (via module)
Amazon S3	Supported
File System	

Type	Journaling File System
Language Support	Unicode Support
Authorization (ACL)	"Read", "write", or "deny" privileges to individual users or groups in folders and sub-folders
User Quota	Supported
Administration	
User Interface	Web-based user interface supports English, Traditional Chinese, Simplified Chinese, Japanese, Korean, French, German, Italian, Spanish, Russian, Polish, Portuguese, Turkish and Czech.
Utility Program	MS Windows Setup Wizard
	Supports Windows 8 / 7 / Vista / 2003 / XP / 2000
	Mac OS X Setup Wizard
Email Notifications	Sends system messages via email to the system administrator
SNMP Trap	System information trap out
Mobile Applications (iOS / Android)	
T- Dashboard	Mobile monitoring and administration (via module)
T-OnTheGo	Upload, download and stream multimedia
Data Security	
Virus Scan	Supports McAfee (via module)
Capacity Expansion	
Stackable	Can extend for 5 additional iSCSI volumes from other Thecus NAS
Others	
Recycle Bin	Supported
Web Disk	Supported (via module)
Web Server	Supported (via module)
ISO Mount	Supported
IP Cam Surveillance	Supports up to 5 IP cameras (via module)
Auto Module Installation	Thecus' module server automatically provides the latest modules and updates through the user interface.
Local Display	X-Window via HDMI output
