Specifications

Overview:

Alienware Horizon Travel Backpack

Travel without limits using the Alienware Horizon Travel Backpack. It conquers security checks with a meticulously crafted design that fits all your gaming essentials and still has space for more.

Features:

Hassle-free travel

Move through TSA faster with the quick scan laptop compartment that opens 180 degrees degrees for easy access while at the airport security checks. Once done with that, a luggage handle slip lets you slide your backpack onto the handle of your luggage to keep your items consolidated.

Constant access

Easily access and organize your tech and gaming gear within the spacious compartment and the dedicated laptop and tablet sleeves. Featuring internal zippered pockets and a dual mesh elasticated side pocket. But thats just the interior. Enjoy six exterior pockets that let you access your smaller accessories and essentials quickly and easily. And the finger friendly zipper pullers and easy to grab top handle ensures comfortable travel wherever you go.

Protection at its finest

The Alienware Horizon Travel Backpack keeps your information safe even as you keep your wallet and passport easily accessible in the RFID Safe top pocket. Plus, its designed with Alienwares sustainable, robust and weather-resistant GalaxyWeave fabric, and enhanced with 360 degrees EVA foam cushioning to protect against any bumps or shocks. Worried about accidental scrapes? We have you covered with an anti-scratch Nylex lining on the internal pockets.

Style you can carry anywhere

We designed this backpack with Alienware Galaxy Weave fabric using our Ecoloop solution to protect your gaming gear while being earth friendly. But thats not all. Our iconic Legend ID now also features prominently placed refractive logos and the Alienware brand emboss on the top handle and tube puller for the slim top pocket.
